COOLIDGE BARES SETTLEMENT OF MEXICAN RIFT

Talks to Editors on Foreign Policies.

BULLETIN.

New York, April 26, 1:30 a. m.—The train bearing President Coolidge, Mrs. Coolidge, and their party left the Pennsylvania station in Washington at 1 a. m. today.

New York, April 25.—[Special.]—Coolidge's appeal for pure Americanism in settling the Mexican rift, as outlined by the United States' attitude toward Mexico, China, and Nicaragua, President Coolidge spoke at the 20th anniversary dinner of the United Press.

More than 500 editors and publishers gathered from all over the country to hear the President urge American unity in making proper use of their position of absolute freedom in settling a more intense genuine settlement.

The morning point of the President's address to the editors was the American can profit by selling to the world for foreign favor.

Peace Is Our Policy.

President Coolidge declared the general policy which the United States is trying to promote throughout the world is one of peace and good will, and upon a better understanding of the President and fair dealing.

The President said there is no threat to the United States from the United States government and the United States government is the only support of American publishers.

In discussing the Mexican situation in detail, citing the history of the United States' policy toward Mexico, the President said that the United States is not taking any action to deprive American citizens of their property and their rights.

The President, however, does not want any armed conflict to result, he reported that the Mexican ambassador has recently declared that Mexico does not intend to change its policy and has shown no interest in capturing and punishing those who murdered our citizens, and returned the wish, which we so thoroughly entertain, of keeping cordial and friendly relations.

Coolidge Mexican Situation.

In summing up the Mexican situation, the President said:

"During the winter of 1924 revolutionary activities started in Mexico which it seems probable would have resulted in displacing President Obregon and his government furnished to the United States for series of conferences to pull England out of the hole economically."

BULLETIN.

Memphis, Tenn., April 25.—(AP)—Twenty-five persons were drowned at Heads, a small village near Lehigh yesterday when they jumped into the flood waters to escape from a burning building.

Little Rock, Ark., April 25.—(AP)—J. F. Hawkins, 26, was believed to have been drowned when his hydroplane made a forced landing on the Arkansas river east of here tonight.

Where People Suffer

Memphis, Tenn., April 25.—[Special.]—The actual number of flood sufferers, the clothing, feeding and sheltering of whom the Red Cross has taken over, tonight exceeds 145,000 persons. A report to Secretary Hoover listed them by states as follows:

Mississippi—50,000. Will be probably 100,000 within the next two days.

Arkansas—45,000. Expected to increase to 75,000 in next 24 hours.

Missouri—3,000.

Louisiana—5,000.

Illinois—3,000.

Kentucky—3,000. Expected to increase to 5,000.

As the crest of the flood will not reach New Orleans for probably two weeks, it is probable that the numbers above will be increased to more than 500,000 before midnight of Saturday.

(Pictures on back page.)

Memphis, Tenn., April 25.—(AP)—Swiftly and irresistibly the flood waters of the Mississippi river and its tributaries rolled across new ground today in three states—Arkansas, Mississippi, and Louisiana—inundating additional towns and thousands of acres of farm lands.

Driving the homeless before it, the flood claimed new victims here and there, swallowing up a Mississippi National Guard rescue worker near Greenville, an Arkansas planter near Pine Bluff, and the captain of a government craft assisting in levee strengthening on the Arkansas river near Good.

More Than 100 Dead.

With the known death list past the 100 mark, estimates of the total fatalities ranged from 300 to 500.

In the absence of official estimates, varying calculations of the damage over the 3,500 square miles of water-covered areas were made by business men here. These ranged all the way from one hundred million dollars to half a billion dollars.

While the Mississippi was being held by its banks by heroic work at half a dozen points and over a long stretch north and south of Vicksburg, a new break in the Arkansas river levee at South Bend, Lincoln county, was reported, with the released waters threatening several towns.

More Dikes Go Out.

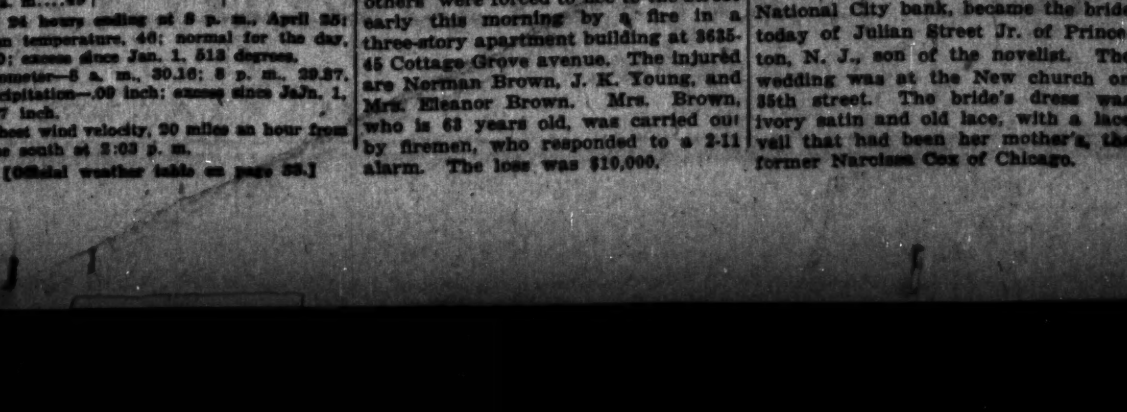

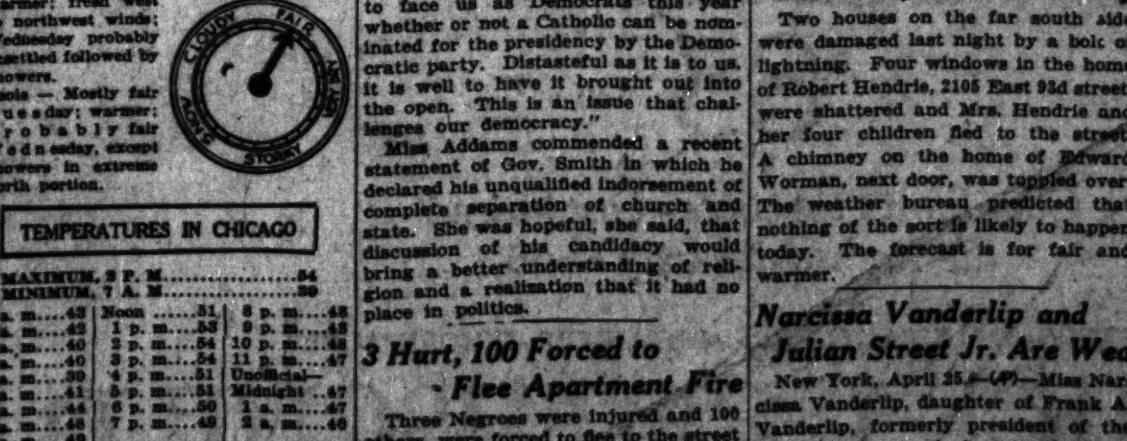

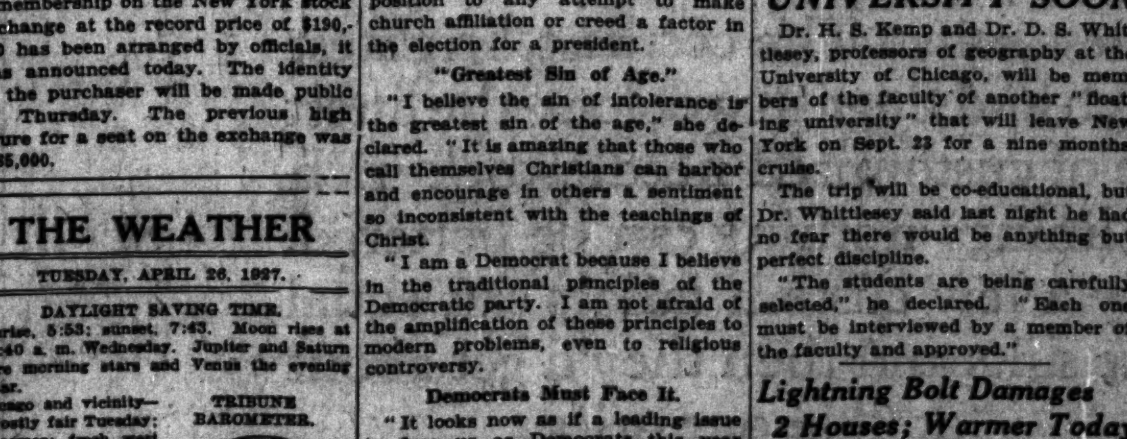

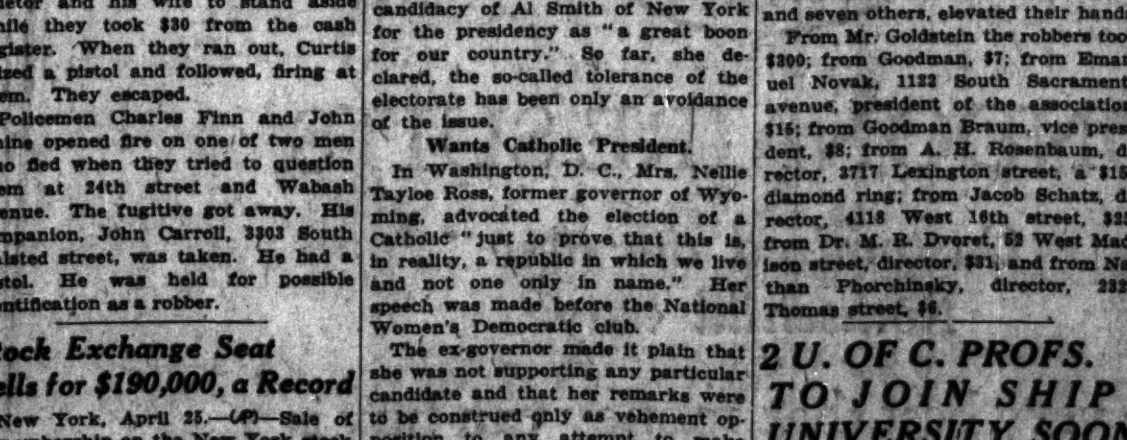

Breaks in dikes in smaller streams, both in north and south Louisiana, were reported with a considerable area likely to be flooded and several more thousands made homeless.

The crevasse in the Mississippi levee below New Orleans, opened Saturday by a steamer, was expected to flood about 30 square miles.

Towns which received flood waters today included Arkansas City, which was cut off from all communication with the outside, Marked Tree, Lake Village, McGehee, and Dumas in Arkansas and Indianola in Mississippi.

Arkansas City, a town of 2,000 people, has been evacuated, according to reports to the Arkansas military authorities, with the refugees seeking haven in McGehee and other nearby towns, which are gradually being flooded by the Arkansas river flow.

WHAT ARE YOU DOING WITH THAT EXTRA HOUR OF DAYLIGHT?

Snyder Insured to His Doom, Witness Says

Witness Says

(By a Staff Correspondent.)

New York, April 25.—[Special.]—A grim faced Ruth Snyder listened impassively today in Queens County court to the gruesome details of the murder of her husband, Albert.

Fourteen witnesses for the state filed past, each adding a crimson stroke to a canvas already streaked with lust and greed of money, while the thin tipped widow whom the state seeks to send to the electric chair sat without any show of emotion other than a sudden blush.

Gray Acts as If in Trance.

Gray sat almost motionless, his head bowed and eyes half shut, a sickly ashen pallor on his face. To Gray—the roistering H. Judd Gray of five weeks ago—the trial is as a dream seen dimly. Apparently he already is mentally dead.

The high point in the trial came today when Leroy Ashfield, a bold voiced insurance salesman for the Prudential Insurance company, testified that to his knowledge Albert Snyder, who was art editor of Motor Boating magazine, never did know that he was insured for \$50,000, the policy carrying double indemnity in case of violent death.

Railway Tells of Trysts.

Another moment of intense interest in the court room came when Raymond Reind, a rotund bellboy, took the stand to tell of the big black bag in which the lover, Gray, and "the other man," frolicking housewife kept their regalia for their Broadway revels.

Raymond recalled a visit to the Waldorf-Astoria hotel, in which the pair often retired to keep their trysts, by Mrs. Snyder on March 21, after the crime. This time she was not accompanied by Judd. Three police officers were with her. The week-end bag—it was much larger than the overnight type—that the lovers kept packed there was produced from the check room and today its contents were dumped on a table in front of the jury box.

Contents of a Week-End Bag.

Among the fifty odd things that it contained were:

Dressing gown and night clothes for Judd and Ruth.

Two sets of toilet articles complete from toothbrushes to nail files.

A hot water bag.

Headache tablets.

Mysterious bottles containing white, amber, and pink fluids.

A white powder.

Twelve pictures of Ruth Snyder and Gray.

To while away the waitful moments there was a copy of "Gentlemen Prefer Blondes."

Postman Tells of Instructions.

A Jamaica postman was produced to clinch the evidence of the insurance agent, Ashfield. George Marks, the mail carrier, was agitated. "The lady called him into the house" one day, he testified, and told him to be sure all the letters addressed to "J. or Jane Gray," were delivered to her personally.

"They are from some of the best friends you know," he said she explained.

He also testified that she asked him to deliver to her personally all letters from the Prudential Insurance company.

He identified a package of mail delivered to the Snyder home in Queens village the day after the murder. It was marked for identification and its contents not made known.

TRANSIT BONDS RISE ON REPORT OF SETTLEMENT

Mayor Expected to Take Early Action.

BY OSCAR HEWITT.

Mayor Thompson's administration is reported up and down La Salle street to have reached an agreement on transportation with interests sufficiently powerful to consolidate surface lines, elevated roads, and busses and operate all of them together, with a limited subway as a comprehensive system.

No official confirmation of the report was obtainable yesterday, but investors and speculators in transportation securities pointed to the rapid rise in the price of stocks and bonds as convincing evidence.

An Oval Understanding.

According to the story circulated on La Salle street the agreement is oral, made before election and confirmed or consummated since. The approval was not placed upon an ordinance or a written statement, but was an understanding of two or three fundamentals.

These fundamentals are that the new franchise shall be a terminable permit or indeterminate franchise; and that there shall be a consolidation of the companies with an interchange of passengers on transfers.

As the stocks and bonds climbed steadily day after day following Mayor Thompson's election the La Salle street rumors grew detailed until they now include the report that Samuel Haul has already been designated for the transit czar to effect the grand consolidation; the rumor that Henry Blair, president of the Surface Lines, is to be given an executive position in the new regime with a salary of around \$100,000 a year, and the understanding that the agreement thus far provides no place for Leonard A. Busby, head of the south side lines.

The city now has no power to issue a terminable permit to the surface lines nor to the busses, and some lawyers question the authority of the city to issue one to the elevated companies, while others take a different view.

Also it has been repeatedly asserted, both by transit lawyers and city lawyers, that the surface lines and the elevated roads are not now authorized by law to consolidate.

Legislative Action Forecast.

Power to make the consolidation, it is reported, is to be asked of the present legislature. But regardless of whether this authorization comes in the next two months or in the next two years, the buyers of transit securities seem certain that it will come.

They also appear certain that when the settlement does come these securities will be truly representative of the present and projected earning power of the transportation facilities.

The surface lines are classed in electric railway journals as one of the best electric systems in the entire country.

The rise in prices of transit securities indicates the general belief in the report. The Chicago Railway company's (west and north side surface lines) first mortgage bonds sold on Feb. 1 at 76. On April 4, the day before the majority election, they were selling for 77 1/2, the day after election at 78 1/2 and yesterday at 84.

Other Bonds Also Advance.

The Chicago Railway series A bonds sold on Feb. 1 for 94 1/2, the day before election at 95 1/2, the day after election at 96 1/2 and yesterday at 104.

This same company's series B bonds sold on Feb. 1 at 84 1/2, the day before election at 85 1/2, the day after election at 86 1/2 and yesterday at 94.

The first mortgage bonds of the Chicago City Railway company (south side surface lines) sold on Feb. 1 at 76, the day before election at 77 1/2, the day after election at 78 1/2 and yesterday at 85.

The Chicago City and Connecting collateral trust bonds sold on Feb. 1 at 84 1/2, the day before election at 85 1/2, the day after election at 86 1/2 and yesterday at 94.

The Chicago City and Connecting preferred stock was selling for less than four in January, the day before election it hopped up to 5, the day after election to 6 and yesterday to 10 1/2. Certain brokerage houses represent that this stock has an equity of \$35 a share.

Campaign Reports Recalled.

Evidence that Mayor Thompson desires a transportation program was indicated in his campaign. He has given only one interview on transportation since election. A few days ago it was announced that Corporation Counsel Etelson will devote the major portion

3 GUN FIGHTS; 2 ROBBERIES; 1 CAPTIVE

Robbers, robbery victims and policemen staged three shootings last night in Chicago. The only casualty was Frank Harko, 38, owner of a bakery at 736 East 43d street. He was shot in one arm when he resisted a holdup man in the basement of the bakery. The would-be robber escaped without any money.

Two stickup men walked into the drug store of Fred B. Curtis, 7100 Greenwood avenue, and forced the proprietor and his wife to stand aside while they took \$30 from the cash register. When they ran out, Curtis seized a pistol and followed, firing at them. They escaped.

Policemen Charles Finn and John Rhine opened fire on one of two men who fled when they tried to question them at 24th street and Wabash avenue. The fugitive got away. His companion, John Carroll, 3908 South Halsted street, was taken. He had a pistol. He was held for possible identification as a robber.

Stock Exchange Seat Sells for \$190,000, a Record

New York, April 25.—(AP)—Sale of a membership on the New York stock exchange at the record price of \$190,000 has been arranged by officials. It was announced today. The identity of the purchaser will be made public on Thursday. The previous high figure for a seat on the exchange was \$125,000.

Talk Church in Politics, Women Urge

Two of America's prominent women, in addressing yesterday, urged their hearers to bring the question of religion in national politics into the open.

Miss Jane Addams of Hull house, speaking before 600 social workers at the Auditorium hotel, referred to the candidacy of Al Smith of New York for the presidency as "a great boon for our country."

He was announced today. The identity of the purchaser will be made public on Thursday. The previous high figure for a seat on the exchange was \$125,000.

Wants Catholic President.

In Washington, D. C., Mrs. Nellie Tayloe Ross, former governor of Wyoming, was lecturing last night in the home of Samuel Goldstein, 1619 South Harding avenue, before the officers of the Clifton Finance company, a building and loan organization, on the value of their insurance, six armed men walked into the house.

"Stick 'em up!" said the bandit leader, and Mr. Goldstein, treasurer of the association, his father, Louis, his mother, Yetta, the insurance agent, and seven others, elevated their hands.

From Mr. Goldstein the robbers took \$300; from Goodman, 37, from Emanuel Novak, 1128 South Sacramento avenue, president of the association, \$15; from Goodman Braun, vice president, \$5; from A. H. Rosenbaum, director, 3717 Lexington street, \$150; from Jacob Schatz, director, 4118 West 16th street, \$25; from Dr. M. B. Dwyer, 52 West Madison street, director, \$25; and from Nathan Phorokinsky, director, 2323 Thomas street, \$5.

The ex-governor made it plain that she was not supporting any particular candidate and that her remarks were to be construed only as vehement opposition to any attempt to make church affiliation or creed a factor in the election for a president.

"Greatest Sin of Age."

"I believe the sin of intolerance is the greatest sin of the age," she declared. "It is in our hands that those who call themselves Christians can have and encourage in others a sentiment so inconsistent with the teachings of Christ."

"I am a Democrat because I believe in the traditional principles of the Democratic party. I am not afraid of the amplification of these principles to modern problems, even to religious controversy."

Democrats Must Face It.

"It looks now as if a leading issue to face us as Democrats this year whether or not a Catholic can be nominated for the presidency by the Democratic party. Disastrous as it is to us, it is well to have it brought out into the open. This is an issue that challenges our democracy."

Miss Addams commended a recent statement of Gov. Smith in which he declared his unqualified indorsement of complete separation of church and state. She was hopeful, she said, that discussion of his candidacy would bring a better understanding of religion and a realization that it had no place in politics.

3 Hurt, 100 Forced to Flee Apartment Fire

Three Negroes were injured and 100 others were forced to flee the street early this morning by a fire in a three-story apartment building at 3455-57 Cottage Grove avenue. The injured are Norman Brown, J. K. Young, and Mrs. Eleanor Brown. Mrs. Brown, who is 63 years old, was carried out by firemen, who responded to a 2-11 alarm. The loss was \$10,000.

Shipping Board Chief
Offers Speedy Plan.

JAMES O'DONNELL BENNETT,
chief of the United States
Shipping Board, yesterday joined the
Ironsides NOW club.

He is reconditioning the glory
of the American navy New-
Englanders, said he. "Don't

water canal in order to
bring the Ironsides here. Let's not stall
and wonder how to do
it. Let's tow the ship here
through the canal—
the work this summer in the
canal of the American Shipbuilding
company."

Back to Wartime Pep.
The wartime Chicago took on and
through in a matter of weeks
reconditioning jobs than recondi-
tioning a 1,600-ton frigate—consider-
ably longer, 171 feet. Five hundred
men were built on the great
during our year and a half in
the world war.

One hundred and ninety Chicagoans
joined the Old Ironsides
club with Ed the go-getter. For
the number of persons who sent
to the Tribune's Old Ironsides
club between morning and sunset
of yesterday, their gifts totaled \$344.

School Children to Help.
The board of education join
the Ironsides club. It decided to permit
the wearing of buttons in the schools
which the children—decked with
Old Ironsides buttons which
they bought from the Ironsides
club—can drop their pennies—
more than ten pennies each—
to the mayor—to show that they
are the genuinely artistic buttons
which Mr. Geraghty's designers are
making.

Mr. J. Raymer, president of the
board of education, said:
"Capt. McAndrew and I are one in
the matter. Neither of us is in favor
of giving the good and wise rule
about the collecting of school
money for funds in behalf of any
cause. But the attractive buttons will
be perfectly voluntary Old Ironsides
contributions of a penny, or
pennies, or ten pennies early and
generous. Thus far we are all
to be members of the Old Ironsides
NOW club."

Hull Founded "NOW" Club.
This club was founded 115 years ago
on the nineteenth of next August.
Capt. Isaac Hull on the deck of
the frigate Constitution (Old Iron-
sides). The British ship of war with
French name, Guerriere, and Old
Ironsides were coming to grips—far-
ther to yard arm.

Capt. Decres of the Guerriere began
his upon Old Ironsides at long
range steadily creeping closer.
Capt. Hull kept silent.
The second in command, young
Morris, asked, "Shall I open
the fire?"

"Not yet," replied Capt. Hull—as
the ship and quiet as a man on shore
was declining grog.
Capt. Decres continued blasting
away—and his shots began to tell on
Old Ironsides.

"Shall I open fire, sir?" young
Morris repeated.
"Not yet," says Capt. Hull.
When the vessels had almost
passed—when you almost could have
passed from one ship to the other—
Capt. Hull, suddenly blasting into ex-
cess, bent himself twice to the
deck and shouted.
"Now!"

With a third bend he added, "Now,
now, now it into them!"
"Obey at Once."
"The command," says the books,
"was instantly obeyed."

It was the founding of the Old
Ironsides NOW club.
By nomination in the office of City
Comptroller Pittsford—Mayor Thomp-
son's old Ironsides campaigner—
and in the Tribune office, Edwin N.
Haley was made president of the

club. The Ironsides NOW club when
New message was received.
That terse message he expanded
thus:
"Chicago and the great lakes helped
to build ships and men for the
world war and our workmen were
just as enthusiastic about ship building
as those on the Atlantic and Pacific
coasts. The great lakes contribu-
tion to the world war in build-
ing ships was very important and
their construction efforts made it pos-
sible for us to transport, shot and
shell to our soldiers.

"We're becoming ship-minded in the
middle west and we owe it to our chil-
dren to show them Old Ironsides. If
the boys and girls could get aboard
Old Ironsides and get that thrill that
comes to an American, the merchant
marine would be materially benefited.
Bringing Old Ironsides here will be a
tribute to the young Americans off of
the seven seas. We expect our country
to do its bit to send the ship here
immediately. If it can be arranged
the frigate should be sent to some
great lakes ship yard to be recondi-
tioned. There is one in South Chicago
that I think could do the work.

People Should View Job.
"While the work is going on the
people should be permitted to see it.
As I see it, the great benefit aside from
the purely patriotic one of a trip to
the great lakes is that it would arouse
the spirit that is dormant in every one
to the necessity of maintaining a mer-
chant marine. The government owes
it to us and they owe it to the mer-
chant marine to send Old Ironsides
here.

"The navy department should send
an admiral or captain, the blood of the
navy, to tell the school children about
the old ship. The boy and girl in
school should be sent to see the ship
and go aboard it. After their visits
they should write essays about it."

WHEN U. S. WARRED ON BARBARY PIRATES

A thrilling scene from "Old Ironsides," which will be shown the evening of May 3 under the auspices of The Tribune to raise funds for the restoration of the famous frigate. The picture shows Ruben James, an American bluejacket, whose both arms had been rendered useless by wounds, interposing his head between the sword of a Tripolitan corsair captain and Lieut. Stephen Decatur, who is struggling with another pirate. He saved Decatur and lived to see him capture the pirate ship. The incident is historical.

WILSON FIRST
'DISCOVERED' BY
JOHN M. HARLAN
John Maynard Harlan, one time
majority candidate in Chicago, and a
son of former Justice Harlan of the
United States Supreme court, was the
discoverer of Woodrow Wilson as a
presidential possibility, according to a
story related by Edwin N. Hurley, war
time head of the United States ship-
ping board, in Mr. Hurley's new book,
"The Bridge to France."

Mr. Harlan felt that Taft would be
sure to get the Republican nomination
in 1912, but could not win, and there-
fore set about selecting a "good Demo-
crat" to oppose Mr. Taft. Mr. Harlan
stated, adding that Mr. Harlan first
made to him his proposal of Wilson,
who then, in 1910, was president of
Princeton university. The late Roger
C. Sullivan approved the plan of first
electing Wilson to the governorship of
New Jersey so that he would be in
line for the presidency.

Former Senator Smith of New Jer-
sey also approved the plan, says Mr.
Hurley, provided Mr. Wilson would
agree not to upset the existing politi-
cal lineup in New Jersey and build a
machine of his own. And Mr. Wilson,
after conferring with Cyrus H. McCur-
mick of Chicago, agreed, Mr. Hurley
says in the introduction to his book.

SAYS PRINCIPALS FORCED VOTE FOR WAGE SCHEDULE

Charging that principals took ad-
vantage of their authority and influ-
ence to force teachers to sign peti-
tions for the board of education to
adopt Supt. William McAndrew's sal-
ary schedule, Margaret Haley, busi-
ness agent for the Chicago Teachers'
federation, yesterday promised fire-
works in the gallery when the board's
Finance committee takes up the sal-
ary question tomorrow.

"I know that principals in some
cases coerced teachers to sign peti-
tions advocating the schedule," Miss
Haley said. "In one school a teacher
wrote 'I protest' on the blank. That
remark was cut out and a note from
the principal warned the teacher that
it was 'none of her business.' In
another school the principal insisted
that a teacher sign in order to make
his record 100 per cent."

EDITOR IS HELD IN CRUSADE ON SPICY PICTURES

**Peaches Browning Case
Photos the Cause.**

New York, April 25.—[Special.]—The crusade against the publication of reports of "bloodshed, lust, and crime" won its first fight today when Magistrate Joseph E. Corrigan held for trial Emille H. Gaurvrau, managing editor of the Evening Graphic, and the Graphic corporation.

The charges against Bernard McFadden, head of the corporation bearing his name, and Otis Scattergood, circulation manager of the tabloid, were dismissed.

It is understood the society's action was brought about chiefly by the publication of so-called "composite pictures" at the time of the Peaches Browning trial.

Editor Gives Bail.

Immediately after today's decision Mr. Gaurvrau was arrested. He posted his own bail. Similar bail was set for the corporation, but Franklyn Eilenbogen, attorney for the defendants, pointed out that a corporation could not be held in bail and that the district attorney's office would have to file a complaint against it in special sessions.

Mr. Eilenbogen said that in all probability the defense would move to have the cases transferred from special sessions, where the three justices render decisions, to General Sessions, where a jury trial may be had.

Difference in Responsibilities.

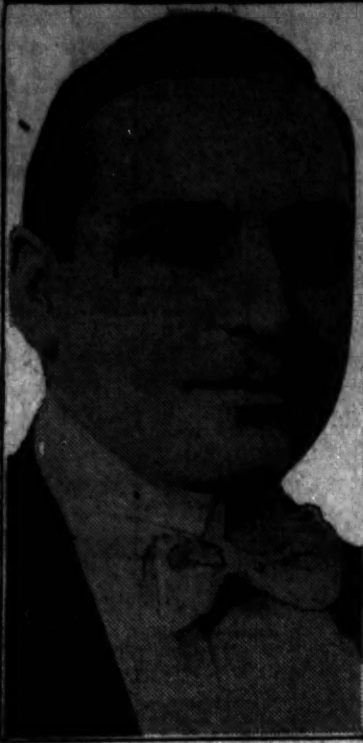

In his decision Magistrate Corrigan said that he felt the prosecution had established its case against Mr. Gaurvrau and the MacFadden publication, but that MacFadden and Scattergood were in a "different position."

The law which the defendants were accused of violating is section 1141 of the penal code, subdivision 2. Violation is a misdemeanor and the penalty is not less than ten days nor more than one year's imprisonment, or a fine of not less than \$50 or more than \$1,000, or both.

YOUNG MOTHER ON PROBATION.

Mrs. Wilma Koselka, 18, of Peoria, was placed on probation for a year when she was arraigned yesterday on a charge of contributing to the delinquency of her 20 months old son.

Dies of Pneumonia

EARLE WILLIAMS.

Hollywood, Cal., April 25.—[Special.]—Earle Williams, one of the pioneer actors of the screen and for fifteen years one of its best known stars, succumbed to pneumonia, complicated by a brain hemorrhage, after a week's illness, today. He was 46 years old. He is survived by his widow and a 9 year old daughter, Joan. The actor joined the old Vitaphone Film company in New York prior to 1910. He has played in hundreds of photoplays since then.

Williams is a misadventurer and the penalty is not less than ten days nor more than one year's imprisonment, or a fine of not less than \$50 or more than \$1,000, or both.

YOUNG MOTHER ON PROBATION.

Mrs. Wilma Koselka, 18, of Peoria, was placed on probation for a year when she was arraigned yesterday on a charge of contributing to the delinquency of her 20 months old son.

U. S. PROTECTION FOR DRY AGENTS, SPEED KILLERS

**Takes Case from State
Courts.**

Los Angeles, Cal., April 25.—[Special.]—On the petition of Frank Farley and George Hudson, federal prohibition agents charged with murder, Federal Judge W. P. James today directed the clerk of the Superior Court of Los Angeles county to transfer all papers in the case to the United States District court.

The petition for the transfer was filed by Assistant United States Attorney Simpson. The accused men are charged with reckless driving while drunk and causing the fatal injuries of

K. F. W. Ingmire, an oil company official.

This is a step further than the prohibition enforcement forces have as yet gone in giving federal protection to prohibition agents accused of crimes usually considered state cases. A number of prohibition agents accused by state grand juries of murder for killing bootlegger suspects in raids have been transferred for trial in federal courts under the old revenue law which gave jurisdiction to federal courts only in cases in which revenue agents killed in the line of duty.

At the time of the accident which resulted in the death of Ingmire the two dry agents were cruising the city looking for violations of the dry law. Their car was not in actual pursuit of bootleggers when it collided with the car in which Ingmire was riding.

National Retail Delivery Association Meets Today

John W. Scott, vice president of Carson, Pirie, Scott & Co., will deliver an address of welcome to the six hundred odd delegates to the eleventh annual convention of the National Retail Delivery association which opens at 10 o'clock this morning in the Hotel Sherman. H. H. Bishop of Toronto, Ont., chairman of the convention; John V. Finn, and others also will speak.

VETS TO GREET GEN. SUMMERALL ARRIVING TODAY

Veterans of the First division are expected to turn out in force today to greet their war time commander, Maj. Gen. Charles P. Summerall, the army chief of staff, who will be given a luncheon at the Hotel La Salle shortly after his arrival in the city. The luncheon is to be under the auspices of the Military Intelligence and Reserve Officers' association.

The guard of honor which will meet Gen. Summerall at the B. & O. station will be led by Lieut. E. Harold Greist, D. S. C. Among members of the reception committee are: Maj. Carlos Ames, Capt. C. Wayland Brooks, Brig. Gen. Abel Davis, Maj. Gen. Milton J. Foreman, Col. Noble B. Judah, Col. A. A. Sprague, and Capt. D. F. Sullivan. It will be Gen. Summerall's first visit to Chicago as chief of staff. He will be the guest while here of Maj. Gen. William Lassiter, commander of the Sixth Corps area.

RESISTS BANDITS; IS WOUNDED.

Benjamin Bruckman, 31 years old, 610 Duval square, driver of a taxi cab, was slightly wounded yesterday when he resisted an attempt by a Negro to rob him at 50th street and Vincennes avenue. The bandit was accompanied by a colored woman.

SONS OF CHINA GAIN 'TURNED U. S. WARSHIP

British Ships Bombard
Yangtze Fort.

BULLETIN.

MANHAI, April 26.—The U. S. auxiliary vessel *Penguin* was fired on heavily yesterday by the Yangtze river with rifles, machine guns, and field pieces. Several of the *Penguin's* men were injured, and the ship badly.

BY JOHN POWELL.

(Chicago Tribune Press Service.)
MANHAI, April 25.—Chinese warships fired on the U. S. auxiliary vessel *Penguin* near Kiang, 130 miles east of Hankow, on the Yangtze river yesterday. The warship did not fire, because it could not distinguish the *Penguin* from the British warships which were firing on the Chinese batteries on the south bank of the Yangtze near Chinkiang yesterday, after the Chinese guns had fired on the *Penguin*.

The *Wahki*, *Keppel*, and *Mantis* of the British fleet were in showing the *Penguin's* temper was getting a bit ruffled.

U. S. Submarines Reach China.
The United States submarine tender *Canopus* and the *Beaver*, conveying a flotilla of eleven submarines, arrived at Hongkong from Manila today according to a report, will proceed to Shanghai immediately. This is the first time American submarines have reached China.

Chinese Refuse to Pay Rents.
More than fifty leading Chinese property owners of the International settlement met yesterday for the purpose of considering the crisis precipitated by the thousands of small Chinese shopkeepers and house renters refusing to pay rent unless the property owners take steps to force the withdrawal of the international settlement to remove the barbed wire fences and entanglements from the settlement boundaries.

Reuters, the British news agency,

declares that the settlement barricade is paralyzing business. In addition to the predicament of the Chinese merchants, the foreigners also are suffering many bankruptcies in the local courts, and their staffs are going home. A census of the large retail establishments and department stores today elicited the information that practically no orders for the replenishment of stocks are being placed and the stores are being operated on a bare necessity basis.

Cantonese Win New Ally.
The Cantonese Nationalist government today announced that Gen. Yen Hsi-shan, tunc of the so-called model province of Shantung, located west of Chihli province and in the Peking district, had joined the Nationalist cause. The announcement created considerable stir in Chinese circles, since Gov. Yen heretofore had preserved strict neutrality and is the only governor holding office continuously since the revolution.

According to Hankow reports, Gen. Yen has formed an alliance with the Christian general, Fene Yu-hsiang, and is beginning an immediate move against Marshal Chang Tso-lin for the purpose of forcing the Mukden war lord back into Manchuria. The move also is interpreted as strategy to prevent a possible alliance of Marshal Chang Tso-lin with Gen. Chiang Kai-shek, the Cantonese generalissimo, against the Hankow government.

Details regarding the new advance against Peking have not been learned, but it is reported to be by two routes, through Honan province and north-west along the Peking-Suiyuan railway to Kailan.

Airplanes Bomb Nanking.
Northern airplanes today dropped several bombs on Nanking. One is reported to have fallen near the headquarters of Gen. Chiang Kai-shek, causing considerable damage.

A serious fire broke out in a large wharf owned by a British steamship company at Nanking today, completely destroying the structure and resulting in large loss.

The Japanese and Chinese appar-

ently have reached an understanding over their differences at Hankow. The Chinese are permitting the Japanese to resume business within and without the concession.

Chinese depositors continued withdrawing their deposits from the American banks today. The proprietors are mystified over the cause, unless it is due to the widespread reports in circulation that America has decided to cooperate with England in a strong hand over the Nanking incidents.

U. S. Holds Up New Note.
(Chicago Tribune Press Service.)
Washington, D. C., April 25.—Dispatch of a reply to the nationalist government on the Nanking outrages has been indefinitely postponed pending further study of the situation growing out of the split in the Nationalist party.

This was disclosed today when it was announced that the recommendations for a reply to Eugene Chen submitted by Minister MacMurray, after conferring with his colleagues at Peking, have been rejected by Secretary of State Kellogg. It was also announced that these recommendations, which were sent to each of the five powers, have proved unacceptable to at least one of the other governments. According to foreign dispatches, the MacMurray communication proposed

the sending to Chen of identical notes designed to enforce the terms presented by the powers.

Further study of the situation is now going on, officials said, but it was emphasized that no hasty action will be taken. There is no indication here that the United States is prepared to demand sanctions, which, if refused, might force this country to intervene in China.

Serve New Notes on Chen.
That this government has not departed from its announced policy of firmly protecting its nationals and their property in China was disclosed by the release of a dispatch from Admiral Williams advising the department that the consular body at Hankow has served notice on Chen that the Nationalist government will be held responsible for damage to foreign property.

The Williams message, which was relayed from Admiral H. H. Hough, stated Chen had asked American firms in Hankow to resume their usual business and promised assistance. Admiral Hough added that no credence is placed in Chen's statements.

Britain Keeps Hands United.
(Chicago Tribune Press Service.)
LONDON, April 25.—In view of the

United States' attitude toward the question of applying force in China, the British government is withdrawing from the discussion of actions to be contemplated in connection with the new note to be presented to Foreign Minister Eugene Chen regarding the Nanking outrages. It is believed here that the meaning of this step is that Great Britain, while anxious to preserve peace, refuses to be limited regarding forceful action if such proves necessary.

News from official sources in Japan indicates continued activities for strengthening the Manchurian garrisons. The Japanese ministry of foreign affairs confidentially informed the foreign diplomats that Moscow has been warned semi-officially that Japanese army commanders have been ordered to prevent a single red soldier from entering Manchuria.

The British have further indications that the Japanese are making forces in her southern harbors for action in the Yangtze valley and against Amoy. The latter action, it is believed, obliges the British to keep a free hand, and not commit themselves to restrictive action, since this might place them in a position of inferiority as compared with Japan's strong action.

U. S. FLEET OFF TO NEW YORK FOR BIG "BATTLE"

(Chicago Tribune Press Service.)

With the United States Fleet en route to New York, April 25.—The fleet, off Key West, today concluded tests with west coast navy radio stations. Aircraft flying over the fleet have communicated with the San Diego station and aircraft over San Diego were heard by the fleet operators on low wave lengths and extremely low power. It is expected that direct tests will follow from the fleet aircraft to the naval radio station at the Great Lakes Naval station near Chicago.

The navy is placing heavy orders for beef to be rushed from Chicago to New York to meet the fleet, which radiod its requirements today. So far, 2,100 officers and men have requested thorough permission for a visit to Chicago.

Merchant shipping has been warned to acknowledge promptly naval challenges, as the fleet is cruising in a wide scouting line toward New York for a "great battle."

disposal of the relief agencies. Mr. Hoover declared that the \$5,000,000 the country had been asked to give through the Red Cross would be needed and that perhaps more would have to be called for later.

With the flood waters slowly creeping back into the Mississippi through its tributaries, a constant rise in the river between Natchez and New Orleans was noted, with the gauge at New Orleans showing a rise of 3 of a foot to 31 feet, four feet above flood stage. Army engineers still were gravely concerned about the impending situation lower down the river. From Lake Providence, La., above Vicksburg, south to the mouth of the Red river below Natchez, forces under command of George C. Shoenberger, Louisiana state engineer, were building up the levees against the forecast record stage of 48 feet.

RED RIVER ON RAMPADE

New Orleans, April 25.—(AP)—With the crest of the coming Mississippi river flood still far up the valley, Louisiana today began to experience difficulty in coping with lesser tributaries of the main stream.

The Red river broke through Louisiana Railway and Navigation company levees in Red river parish and was spreading rapidly over rich farm lands, threatening to inundate the towns of East Point and Crichton.

Some twenty miles of farm and marsh lands in the neighborhood of Diamond, La., were being covered today by waters from the first Louisiana levee in the Mississippi river levee system.

Efforts to stop the flow of water through the levee had ceased, engineers said. A small levee so far down the river will not relieve the situation at New Orleans, however, they said.

Guards Patrol Levees.

Throughout the night guards patrolled the barriers, watching for any telltale trickle of water which might burst through the close clipped sod. In many cases electric lights had been strung for miles down the levee.

Revised flood estimates for the Red and Ouachita rivers brought admonitions from the weather bureau that proper precautions be taken between Shreveport and Alexandria, on the Red river, and between Camden, Ark., and Monroe, La., on the Ouachita, and below Monroe in areas subject to overflow along the Ouachita and Black rivers and their tributaries.

REID WILL HEAD COMMITTEE TO VISIT FLOOD ZONE

United States Congressman Frank R. Reid of Aurora, Ill., last night named Congressman Willis G. Sears of Omaha, Neb., and William T. Kopp of Mount Pleasant, La., members of the congressional committee on flood control, of which Reid is chairman, to accompany him to the stricken flood area within the next ten days as guests of the Mississippi Valley association.

That Congressman Reid himself and two members of the flood control committee visit the distressed zone within ten days was urged in a telegram today from United States Senator Joseph E. Randall of Louisiana; Congressman James O'Connor of Louisiana, and William Collier of Mississippi, and Riley J. Wilson, ranking Democratic member of the flood control committee of the house of representatives.

HARDING TO SEEK COURT ORDER FOR COLLECTING TAX

Controversy between County Treasurer George F. Harding and the county board as to who should mail the tax bills will be taken into the Superior court today. The law firm of Schuyler, Kitchner & Wenzel, representing the treasurer, announced yesterday that a petition for a writ of mandamus will be filed before Judge Marcus Kavanagh.

Respondents of the petition are the judges of the Circuit court, the county commissioners, and the public service department. The writ would compel the judges to enter a rule giving the treasurer assistants and deputies to act as county collectors and would force the county board to fix the salaries and appropriate compensation for these employees. It would also make the public service department recognize the treasurer as the authorized tax collector.

BUSBEY INSISTS PINK STUDENTS ARE INCURABLE

Declaring that college students who are inclined toward pacifism are incurable and that any attempt to convert them would be a waste of time, Fred H. Busbey, director of the American legion commission of the department of Illinois, American Legion, yesterday declined an invitation to address the University of Chicago Liberal club. Mr. Busbey had been asked to present the Legion's arguments for the R. O. T. C. Mrs. Florence C. Hanson, editor of the American Teacher, attacked by Legion officers as "un-American," will give the Liberal club her side of the controversy this evening in Hutchinson common.

Prof. T. V. Smith of the University of Chicago will talk on "The Epics of Pacifism."

WOMAN IDENTIFIED AS THREE.
Mabel Reed, 25 years old, 89 West North avenue, was identified yesterday by Mrs. Jessie Tyler, 1425 North La Salle street, as the woman who had stolen her pocketbook while she was shopping in a local department store several days ago.

Alibi Saves Earsman from Minnesota Trial

Big Dave Earsman, John Crawford, and Tony Kerge won't have to go to Rochester, Minn., to face a charge of bank robbery. Gov. Russell yesterday recalled a warrant for their extradition to Minnesota after evidence had been produced at a hearing to show that they had not been in the state at the time the bank in question was robbed. Three others, Sullivan, Kerge, Kerge, Deodoro, and a man known only as John Doe, will be returned to Rochester for trial.

HOOVER VISITS DROWNED CITIES ON MISSISSIPPI

Praises the Relief Work
Already Done.

Memphis, Tenn., April 25.—(AP)—Combed with full authority from President Coolidge to utilize every agency of the government necessary for flood relief, Herbert Hoover plunged into his task today with a series of hasty conferences and a personal visit to the flooded area along the Mississippi.

Arriving from Washington early in the morning in company with Maj. Gen. Jadwin, chief of army engineers, and James L. Felser, acting chairman of the Red Cross, the commerce secretary went into conference with Henry M. Baker, director of flood relief.

Repaired Relief Work.

"The fact that the crest of the flood has not yet passed makes further expansion of relief and relief facilities imperative," Hoover announced. "The resources of the Red Cross and the government for the organization of rescue work and the distribution of supplies to take care of the evacuated people will be placed in immediate progress."

The secretary visited the refugee camp here, inspecting the quarters of 1,000 refugees from Arkansas and Mississippi, and boarded the government steamer *Chillicothe* for a voyage to Vicksburg.

Maj. Gen. Jadwin and Mr. Felser continued with him on this trip. The first stop was to be at the beleaguered city of Greenville early tomorrow and the next at Vicksburg tomorrow evening. From that point Mr. Hoover said his party will go by rail to New Orleans and then return to Memphis.

Will Meet Governor.

Gov. Martin and other officials of Arkansas will come here upon Mr. Hoover's return to confer on the necessities of the situation in that state.

"There are three things to be done for the flood victims," Mr. Hoover said, while in Memphis. "First, we must get them out. Second, feed them while they are out. Third, and most serious of all, start them all over again when the flood waters recede. The United States is certainly rich enough to do that."

Praises Red Cross.

Mr. Hoover expressed satisfaction with the progress of the work done by federal agencies and especially praised the Red Cross effort.

"I found that the concentrating headquarters of the Red Cross at Memphis have made fine progress in the last 48 hours," he said. "There is a second examination and the Red Cross is getting on top of the job."

Police Seek Missing Wife.

Former Sanitarium Patient

Chicago, county, and suburban police have been asked to search for Mrs. Elizabeth Ames of 54 North Ashland boulevard. She disappeared Saturday night. She recently was a patient at a Milwaukee, Wis., sanitarium. Her husband is an employee of the Western Electric company.

AIMEE BOBS HER HAIR; CAUSES RIFT IN HER CONGREGATION

Los Angeles, Cal., April 25.—(AP)—A schism today had split wide the Rev. Mrs. Aimee McPherson's church of the Four Square Gospel. The seceders said they accepted it as a sign of "increasing worldliness" in the mother church and its feminine founder.

"When Mrs. McPherson got her hair bobbed last week," Al-ready, three of Mrs. McPherson's suburban churches, and four hundred women and men followers have left her ranks. Mrs. McPherson broadcast a statement today denying that she had bobbed her hair.

The directors in the new church issued a statement that "our church will be kept unscathed, it will be a church which will not be touched by scandal or the hint of scandal; it will not center all its life around one person."

SERVANTS GET \$3,000 BY WILL OF MRS. L. H. HESS

Household servants receive \$2,000 and charity gets \$1,000 in the will of Mrs. Lydia Harmon Hess, 1235 Forest avenue, Evanston, died yesterday before Edward S. Schaeffer, assistant to the probate judge. The document disposes of an estate estimated at \$500,000, which she inherited from her father, Attorney Harry D. Irwin. The bulk is bequeathed to her husband, Charles Wilbur Hess, bond and mortgage broker.

Mrs. Hess' maid, Selma Peterson, is to receive \$1,500 and Mrs. Joe Grossman, wife of the family chauffeur, is given the same amount.

Other beneficiaries are: St. Mark's parish of Evanston, \$25,000; Providence Day nursery, \$10,000; Illinois Humane society, \$5,000, and Illinois Children's Home of Evanston, \$5,000.

Mrs. Hess died March 5.

Woman Realty Dealer Wins

\$5,000 of Florida Ex-Fiance

Miss Hanna Green, real estate dealer at 4355 Lawrence avenue, was awarded \$5,000 heart balm yesterday by a jury before Superior Judge Hugo Farn. The judgment was against Frank Alchman, fruit grower of Fort Lauderdale, Fla., to whom she alleged, she became engaged in 1915. Miss Green is 40.

ORIENTAL RUGS

THERE aren't many things more important in a woman's home than the rugs. They should, they must, blend with the furnishings; they shouldn't be garish or instantly noticeable. That isn't in good taste. Good, rightly chosen Orientals can lend an air to a home, an atmosphere that is dignified or cozy or pert or happy or just comfortably home. We'll help you choose the kind you need and want and they won't cost a great sum, most likely a heap less than you expect.

CHICAGOANS ASK
SOUTH'S AID IN
LAKE LEVEL WARPromise to Support U. S.
Flood Control Bill.

BY JAMES DOHERTY.

New Orleans, La., April 23.—(Special.)—This is the proposition made by Chicago to New Orleans, the south to the north: Help us with our lake level legislation and we'll help you with your flood control legislation. It wasn't put that bluntly. Mayor William Hale Thompson of Chicago and former United States Senator William Lorimer of Illinois presented a picture of a man-made levee on each side by government built levees, spillways or sluices. Mississippi valley residents one people with other's prosperity and aiding in each other's welfare.

No Political Gathering.
Mayor Arthur O'Keefe of New Orleans replied in kind.
This was no gathering of Chicago Republicans and New Orleans Democrats. It was a gathering of Mississippi valley residents for a common cause. It was the occasion for which Mayor Thompson had organized the lake level expedition, chartered two steamers and had come down the Mississippi river with 500 boosters whom he affectionately terms hoodlums.
The New Orleans chamber of commerce gave a banquet this afternoon to the Chicagoans and it was in the afternoon that the plans for the future were unfolded. Henry Robinson, a Republican lawyer of New Orleans, called the meeting to order and called upon Charles Burras.

Mayor Given Preamble.
Mr. Burras read a memorial addressed to Mayor O'Keefe, engraved in letters upon parchment and made into book form, which was then presented to the mayor of New Orleans. A telegram from Congressman Martin B.

PRESIDENT OF CUBA
TO BE GREETED HERE
BY NATIONAL GUARD

When President Machado of Cuba arrives in Chicago next Sunday he will be met at the station by a picked company from the 11th infantry, Illinois national guard. This regiment was the only one in Chicago whose members fought in Cuba to liberate the island from Spanish rule. On the following day, Monday, the Cuban executive will be entertained by the regiment in its armory. Members of the army of Santiago de Cuba will act as honor guard and a review and parade will be held.

Madden of Chicago, chairman of the appropriations committee, to Mayor O'Keefe was read.
Mayor O'Keefe, in accepting the memorial and commenting upon Congressman Madden's felicitations, thanked Chicago for sending the delegation. Then he said:
"I've been talking to Mayor Thompson about rivers, spillways, sluiceways—what we need. We have the waters of many states pouring down upon us. I wanted him to help get the govern-

ment to aid us and his response was immediate. 'Let's spend our money in America first,' he said."

Detasha Waterway Fight.
Lorimer's talk began with a history of waterway legislation, progress, and failure. He told of Chicago's need for diversion of Lake Michigan's water and of opposition from Canada and other states which claim Chicago has lowered the lake levels to the detriment of navigation. The Mississippi valley needs a leader, he declared.

The present flooded condition of the valley is due to northern property, he stated, explaining that the progress of the north has each year caused more water to reach the Mississippi river.

Mayor Thompson began his talk with the statement that in Chicago he is called "Big Bill" that he weighs 254 pounds, and after seeing Mayor O'Keefe he realizes he is forty pounds underweight.

Offers Chicago's Help.
"Thomas Jefferson purchased this country from Napoleon for a song—this empire for \$15,000,000," he said. "It's up to us to make this purchase more valuable. If we can't secure the necessary federal legislation to have

government flood control for all time there's something the matter with us. We can do it and we will do it."

"We offer the good people of New Orleans every pound of help that can be given by every man and woman in Chicago."

Congressman Madden, as chairman of the appropriations committee of the house of representatives, is carrying out the wishes of President Coolidge in economics so there can be tax reductions. He is not the type of man to hold a dime so close to his eye he can't see a dollar behind it.
"We'll do everything in our power so that when we appeal to him when we are organized as Senator Lorimer suggests we'll not only get a respectful but an enthusiastic hearing."

Must Have Waterway.
"To regain what we lost we must have the waterway. When that is completed in January, 1929, we invite Mayor O'Keefe and as many of you as can come to be on the first New Orleans steamer to come into Chicago, and I promise you a Roman holiday. There will be 500,000 people to greet you. That will bring to us and to you the greatest prosperity that ever came to a people anywhere on earth."

CHICAGO ARREST
BRINGS RAID ON
COUNTERFEITERS

Counterfeit money totaling \$30,000 and plates were seized in a raid on a house at 5415 Vermont avenue, St. Louis, Mo., by secret service agents following a lead obtained here by the arrest Sunday of Emil Walther, 38 years old, 2023 North Clark street.
Walther is the nineteenth person to be arrested by secret service agents in an attempt to break up what is believed to be an international counterfeit ring that has swindled merchants

and banks out of \$1,000,000. Several alleged members of the Birge gang of southern Illinois have been arrested. The bogus money was in bills of \$100, \$50 and \$20 denominations. Capt. Thomas J. Callaghan, head of the local secret service unit, was in charge of the raid.

HOW THEY GROW HAIR
ON THOSE THIN SPOTS
New method rejuvenates dormant hair roots

Proves 91% of falling hair and baldness largely unnecessary—new head of hair now in 90 days

MODERN scientific research has recently disproved many favored, old theories on hair growing. That new hair can actually be grown almost 70% of the time is the astonishing pronouncement today of numerous men of science.

Thoroughly new and revolutionary discoveries have been made. A method discovered which does what old-day science considered largely impossible. This method was tried out, during the last three years, in something over 200,000 cases, and records of results carefully kept, 70 times in 100, according to those records, results were successful.

Results guaranteed in writing. It is called the Van Ess Liquid Scalp Massage. You use it at home—a few quick rubs over the scalp night or morning—that is all. It is different from any other home method known. It is protected by U. S. patents. It does what no other method does or has ever done. That is, it massages, stimulates, doubly active root-rejuvenating and germ-combating elements DIRECTLY TO THE ROOTS

Excellent Amateur
Musicians

Ways in which music contributes
happiness to your life

REGARDLESS of your usual pursuits, music gives you balance, and recreation which offsets business cares.

Many people who have lived and will live in history have been fine amateur musicians or devotees of music. Among them: Vice-President Dawes, Speaker Longworth, Benito Mussolini, Earl Balfour, Queen Elizabeth, Martin Luther, John Milton, Frederick the Great, Thomas Jefferson, Edison, Ford, Napoleon, Washington, Tolstoi, Einstein, Franklin, Curtis, Bok, Kahn, Abbate Steffani—just a few of the scores of musically minded personalities whose great work is in other spheres of endeavor.

Music contributes happiness to your life by giving you mental breadth, relaxation; an emotional contrast to the coldly practical; a common plane on which to meet great personalities to understand them.

McANDREW SAYS

"When I was a young teacher I was so ashamed of my profession that when asked about it I said I was a tanner," Supt. William McAndrew yesterday told delegates to the Lake Shore division of the Illinois State Teachers' association in session at the Evanston high school.

"And I was not alone," he continued. "Teachers everywhere at that time (1880) ridiculed their own profession. They disliked being seen with their students."

But times have changed, Mr. McAndrew declared. The teacher is now proud of the profession. They take their flock to public exhibitions and conduct them on tours.

More than 2,000 attended the meeting. Dr. Henry C. Cowles of the University of Chicago botany department also spoke.

"When I was a young teacher I was so ashamed of my profession that when asked about it I said I was a tanner," Supt. William McAndrew yesterday told delegates to the Lake Shore division of the Illinois State Teachers' association in session at the Evanston high school.

"And I was not alone," he continued. "Teachers everywhere at that time (1880) ridiculed their own profession. They disliked being seen with their students."

But times have changed, Mr. McAndrew declared. The teacher is now proud of the profession. They take their flock to public exhibitions and conduct them on tours.

More than 2,000 attended the meeting. Dr. Henry C. Cowles of the University of Chicago botany department also spoke.

TAGGART, HERE, SAYS COOLIDGE WILL RUN AGAIN

Two men who will have a good deal to say at the next Democratic national convention were within a stone's throw of each other in Chicago yesterday, but they did not throw any stones and did not meet. They were William Gibbs McAdoo and Tom Taggart, veteran political leader of Indiana.

While Mr. McAdoo was noncommittal on political subjects, Mr. Taggart, ventured a direct prophecy as to Republican politics.

"Mr. Coolidge will be the nominee of the Republican party, in my opinion," he said. "He certainly will be if he wants it."

As to the Democratic nominee the astute Hoosier was less certain. Something may happen, he intimated, that will keep the next convention from a head-on collision between Al Smith and McAdoo. At the same time he thinks that Smith is stronger than ever and that McAdoo is a "fighter."

ALTHOUGH some of our customers are exceptionally particular, the most particular man who ever entered this establishment could not have used more painstaking care and judgment in the selection of his purchase than used by Mr. E. R. Fifield in the selection of fine things to wear for the gentlemen of Chicago.

Quaker Oats Supplies
Vigor to Speed up
Your Mornings

NOURISHING breakfasts of well-balanced food are now being widely urged by authorities as an important aid to business success of adults, and physical and mental development of school children.

Some 70% of the day's important work in the business world, it is now known, falls into the four morning hours, 80% of the important school work, in thousands of schools and colleges recently investigated, including Princeton, Harvard, most state universities and public schools, falls in the same period.

To be right mornings, you must eat right food; meaning rightly balanced, complete food.

These Quaker Oats—excellently balanced in protein, carbohydrates, minerals, vitamins "B" and the bulk that makes laxatives seldom needed—the world's dietetic urge. Savory, delicious food that "stands by" you through the morning. No other cereal compares. Always remember that.

travels with Mexico. We feel every sympathy with her people in their distress and have every desire to assist them.

Nearness was discussed in similar hopeful vein and then the President got into the Chinese question. He reviewed the Nanking incident and presence of American warships in Chinese waters and explained that "our warships and marines are in that territory solely for the protection of our citizens."

He mentioned the notes which the United States joined other powers in sending to China and said that final disposition rests in further consideration of the matter by the American government.

The President reiterated that the United States is ready to negotiate a treaty giving China complete tariff autonomy and releasing extraterritorial rights as soon as China is prepared to give protection to American citizens and their property. Meantime he insisted our forces "are in China to do what China itself would do if peace prevailed."

Denies Imperialistic Policies. The President said "the recent period has brought America into a new position in the world," and that for this reason America may be accused of imperialism or that we are embarking upon a program of military aggrandizement. "Such is not the spirit of the American people," he declared. "Our attitude," he said, "toward

all nations is one of friendly and good will."

AL SMITH AND COOLIDGE MEET IN N. Y. HOTEL

New York, April 25.—(AP)—Al Smith, Democratic governor of New York, paid his respects tonight to President Coolidge in his Billmore hotel suite. Asked what transpired at the visit, Gov. Smith replied: "I called, of course, to bid him welcome to the city. I told him to do anything he wanted to, providing he didn't get caught at it."

When asked what the President said, the governor answered: "He said he would take a chance."

The youth was employed by the Western Insurance company, 440 North Michigan avenue. Saturday evening he took \$548, called his cousin, Victor Ketch, 2727 North Monticello avenue, and the girls, and took them to the Indiana town.

He had \$298 when he got back yesterday. His accounting for the remainder included the bills for four, Viola's \$50, and lots of liquor. The police are seeking Ketch and the second girl.

YOUTH STEALS TO FINANCE PARTY; LANDS IN CELL

Edward Ornd, 16 years old, 2823 Devon street, who financed a weekend party at Michigan City for himself, a boy friend and two girls with funds taken from his employer, was under arrest at the detective bureau last night.

He was Viola Ketch, 27 years old, of 4248 Sheridan road, who admitted she got \$50 of Ornd's money.

(Chicago Tribune From Berlin.)
VIENNA, April 25.—The returns still are dribbling in from the general election held yesterday, but enough are in to show the majority for the government in the national assembly has

been reduced from 56 to 54.

The Marxist Socialists, who were the rulers of Vienna, gained three seats, making their total 51 against 50 held by the Christian Socialists, Chancellor Seipel's party, and the Pan-Germans. The Pan-Germans, which formerly held 5 seats, increased their strength to 9.

The election was a real setback for Chancellor Seipel, who has consistently insisted that the country must turn to the right instead of the left.

EVERY CAREFUL MOTORIST

can now get lower insurance rates

and faster adjustment in case of loss

A DEFINITE opportunity to reduce insurance costs is here offered to every automobile owner of integrity and driving competence.

Resulting from a new system of classifying "risks," this new insurance is today bringing these distinct benefits to thousands of careful motorists:

- (1) Lowered first cost for every standard coverage.
- (2) Faster, more satisfactory adjustment, when loss occurs.

Standard coverages protect you against fire, theft, collision (all types), public liability and property damage.

Sound rate setting lowers cost

Long experience has proven that certain classes operate their cars for years without an insurance loss. They are the competent, careful drivers.

Not only accident, but theft and fire are rarely experienced by them. For reasonable care cuts to a minimum every risk attendant upon automobile ownership.

Now an incentive to careful driving

In the past careful and reckless have paid the same for automobile insurance. Average losses, for all classes of people, have determined rates.

Yet in fire or life insurance, individual fitness of each risk has long been the important factor in eligibility.

Now this sound principle is applied to automobile insurance. Careful drivers get lower rates, faster adjustment. For

their policies are no longer "loaded" with the cost of protecting poor "risks."

Over one million dollars in assets

These policies have behind them the largest and strongest Lloyds insurance group in America.

The Underwriters at Chicago Lloyds are prominent business men and financiers of Chicago and the middle west. They are organized under the same sound plan which has brought Lloyds at London to its position of dominating success in insurance fields throughout the world.

Only preferred risks of certain definite types are insured at Chicago Lloyds. Its assets, available for the payment of losses, are well over one million dollars.

A detailed quotation for your car —FREE

The Preferred Risk Plan has met enthusiastic response. You will be interested in the exact savings it will make on your own car. These will be sent you, in detail, without cost or obligation. See coupon below.

In the interests of good motoring, we have also published an informative manual, "The Careful Driver's Handbook." Excerpts from motor laws, State regulations, route information and maps are included. It is worth reading and passing around to the members of your family who drive.

Both Handbook and estimate will be sent you direct from the Home Office, upon receipt of the coupon.

INVOKE ANCIENT BLUE LAW TO END SUNDAY MUSIC

Fun in Symphony Society
Arrested in Pittsburgh.

Pittsburgh, Pa., April 25.—(AP)—An attempt of the ancient "blue laws" of 1794 in Pittsburgh came into prominence today as a result of the Pittsburgh Symphony Society's decision to play a concert on Sunday.

Warrants for the arrest of nine officers of the society and one musician were sworn out by the Sabbath association, and counsel for the organization indicated the aid of the state attorney general would be sought in instituting quo warranto proceedings against the society as a means of stopping further concerts.

Violates Ancient Law.

The information charge that the concert last night before 3,500 patrons violated a section of the Sabbath code which prohibits "employment for worldly gain" on that day. A hearing

was set for next Monday night before Ald. Samuel McKinley.

The Symphony society arranged the concert after Director of Public Safety James M. Clark ruled its plan of playing Sunday music was legal, and that a city permit was unnecessary. Last fall Clark invoked the "blue laws" against all Sunday sports, but later amended the ruling to prohibit only Sunday football.

There was no box office sale of tickets for the concert. Admission was by tickets distributed to associate membership. A prayer by the Rev.

D. C. Edwards, rector of the Protestant Episcopal Church of the Ascension, for tolerance of creed, of race, and of opinion preceded the concert.

Veto in Churches.

The Rev. R. M. Blackwood, secretary of the Sabbath association, announced a partial tabulation of a vote taken on the question at various churches in the city showed 23,000 opposed to Sunday concerts and 70 for them. Opposition to Sunday concerts was based upon a contention that they would establish a precedent for commercializing the Sabbath.

Girl Outwits Bandit Trying to Hold Up Loop Store

James O'Day of 183 West Adams street went into a Fannie May candy shop at 11 North La Salle street yesterday and, holding his hand in his pocket as if he had a pistol, com-

manded Miss Camille Abbott, a clerk, to hold up her hands. Miss Helen Harmon, the cashier, unseen by the bandit, slipped out and called Police-

man James Balcom. O'Day was arrested. He blamed his plight on the fact that he was intoxicated.

BREWERS LOSE FIGHT TO SLASH TAX ON INCOMES

U. S. Bars Deduction for Good Will Destroyed.

Washington, D. C., April 25.—(Special.)—Decisions rendered by the federal board of tax appeals today denied any responsibility on the part of the government for losses suffered by brewers following the enactment of national prohibition legislation which wiped out the value of their good will, trade names and other intangible assets.

The Manhattan Brewing company of Chicago, while permitted a "reasonable" allowance for the loss in value of its plant and equipment, is denied the right to make any deduction in its 1918 income tax return for the value of the good will and trade names which it claimed were destroyed by prohibition.

Deficiency in Profits.
The Manhattan Brewing company, which was taken over by the Malt Malt company in December, 1919, had appealed to the board on a ruling of the commissioner of internal revenue, assessing it for a deficiency in income and profits taxes in 1918 amounting to \$141,394.31.

Evidence presented to the board indicated that during the period from 1908 to 1917, the average net value of the tangible assets of the brewery was \$813,228.49 and the average net income for the same period was \$170,253.57. After prohibition, the plant was operated for a time as a near-brewery at a loss, and, in an attempt to salvage something, bids were asked for the plant, resulting in three offers of \$15,750, \$18,000 and \$20,000 respectively.

Property Was Valued.
Forfeiting that a large part of the brewery property had become obsolete with the passage of the dry law and believing it would be relatively easy to dispose of their books as of Dec. 31, 1918, the amounts of \$255,488.58 for obsolescence of tangible assets, and \$474,603.30 for obsolescence of its intangible assets, deducting the amounts from the gross income reported for 1918.

The majority opinion of the board held that while the deduction for obsolescence of tangible assets was reasonable, no deduction could be made for the loss in value of good will and trademarks because an appraisal of such intangible assets is all but impossible.

TAKE EX-BROKER TO COURT ON STRETCHER TO FIGHT HOSPITAL

Albert Kaufman, 38 years old, 3214 Douglas boulevard, once a stock and bond broker, was carried into Chief Justice William J. Lindsey's Criminal court yesterday on a stretcher. He was brought in by a writ of habeas corpus obtained by Attorney Harvey T. Lavinson, who told the judge that it was the only way he could get him from the Chicago sanitarium, 1819 Prairie avenue, to the Psychopathic hospital. He charged that Dr. Alex B. Magnus, head of the sanitarium, had refused to release Kaufman because of an unpaid bill.

Dr. Magnus had a different story to tell and said that he would be able to convince Judge Lindsey this morning that he acted properly in the matter. He said that Kaufman was put in his care last November by relatives and that other relations recently sought his transfer. He said he did not want Kaufman removed until he had received word from the people who originally brought him to the sanitarium.

Book Mission Preacher on Charges Made by Girl

Hugh Williams, 23, preacher at the gospel mission at 3138 Southport avenue, was booked at the Sheffield avenue station yesterday on charges of taking indecent liberties with an eight year old girl. A warrant was issued on complaint of Jacob Lawin, 2148 Southport avenue, uncle of the girl. Williams will be arraigned today in Town Hall court.

GIRLS GET JAIL TERMS FOR PART IN JOLIET BREAK

Pretty Sonnetta Juanita Gallardo and Attila Elmaldo, Mexican girls who recently helped three of their countrymen make a sensational escape from the county jail in Joliet, must go to that jail and each stay there for 30 days for what they did, Judge Frederick Hill in the Will county Circuit court told them yesterday.

The girls were sweethearts of Bernardo Rios, Gregorio Rios, and Roberto Torres, three of the men sentenced to death for the murder of Deputy Warden Peter Klein of the Stateville penitentiary. They pled guilty to smuggling into the jail saws and revolvers with which the men cut and fought their way out.

McKAY ESTATE IS \$800,000; GIFTS TO 2 DOMESTICS

Two domestic employees are remembered with bequests in the will of James T. McKay, pioneer Chicago business man and a founder of the Chicago club, who died April 19 at the age of 87 years. Katrina Solomon, who worked twenty-two years in the McKay household, will receive \$1,000 and Helwig Peterson, who has worked in the family residence at 70 Scott street for ten years, will receive \$1,000.

The will, to be filed in a few days by the law firm of Wilson, McVane, Hale & Templeton, leaves the bulk of the estate, estimated at \$800,000, to Mr. McKay's four children—Mrs. Marian McKay LeRoy, James M. Robert M., and Nathan M. McKay. Two grandchildren receive \$10,000 each.

MAYOR TO KEEP "HANDS OFF" IN JUDICIAL VOTE

Mayor Thompson will pursue a policy of "hands off" in the judicial elections of June 5, he said in a telegram last night to George Hodge, president of a self-constituted citizens' committee on judicial elections. Mr. Hodge has called a meeting at the Hotel Le Salle Thursday evening in the interests of an anti-coalition movement.

In his message the mayor said: "I favor the nomination of judges at a people's primary, but the Supreme court has held the law unconstitutional, which means nomination in convention by delegates. I prefer to pursue a policy of hands off in the judicial election, that the people may make their own selections." Mr. Hodge is publisher of the Union Labor Advocate and was a nonpartisan candidate for alderman of the 1st ward in 1925.

Try this NEW SEMI-GLOSS FINISH ENAMEL

WALLS that retain a rich, low lustre far longer than you would expect are yours with LO-LUSTRE, the new and better interior paint.

The mellow, subdued finish which LO-LUSTRE gives to wood, plaster, metal, wallboard, brick and cement resists wear splendidly and can be washed clean of match scratches, finger and pencil marks with soap and water. Get LO-LUSTRE from your local JEWEL dealer—today.

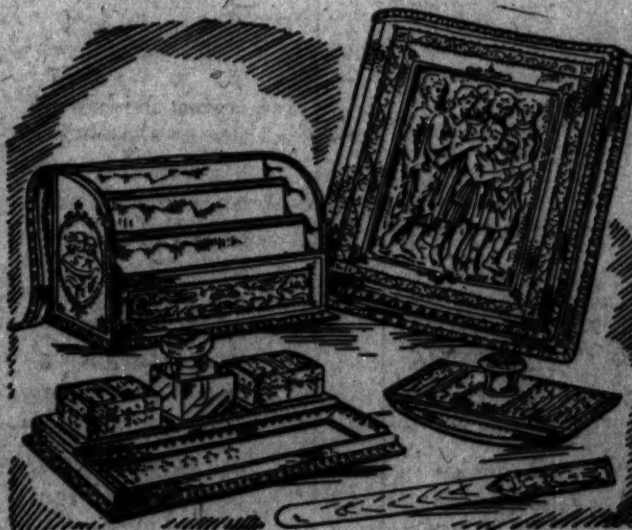

Better for these reasons

LO-LUSTRE is not an enamel, and not a flat wall paint, but a happy medium between the two. Its deep, subdued lustre is not harsh and glaring, but pleasing and restful. LO-LUSTRE produces a finish which lasts longer, because its beauty is not permanently marred by match scratches or pencil and finger marks. A simple washing with soap and water restores its original charm. LO-LUSTRE spreads beautifully, hides perfectly, dries hard over night, and shows no brush marks. A gallon of LO-LUSTRE will cover 300 square feet with two coats.

A cure for shabby floors

—here is beauty that is more than skin deep

Certainly the bedroom is the last place in the world a woman wants to tolerate shabbiness. Especially worn, down-at-the-heel floors with their dust-collecting cracks and crevices.

Is it any wonder so many women are laying smart, happy-colored GOLD SEAL INLAIDS right over old bedroom floors? The transformation is almost unbelievable—the whole room takes on a new lease of life.

Best of all, GOLD SEAL INLAIDS are moderate in price and good for a lifetime of service. When laid with cement they make sanitary, practically seamless flooring—permanent in every sense of the word.

You take no chances when buying inlaid linoleum which bears the Gold Seal Guarantee—the infallible sign of genuine GOLD SEAL INLAIDS.

Many stores are making special showings of these beautiful inlaid linoleums in delightful patterns for every room.

*The colors will not wear off. GOLD SEAL INLAIDS are made of oxidized linseed oil, finely ground cork, and coloring matter keyed to a base of sturdy tarlap.

FRIENDS PUMP BREATH IN DYING BOY FOR 100 HRS.

Racked by Pain, Patient
Smiles as They Work.

Rossmore, Va., April 25.—(AP)—In the heavy silence of the sick room a group of companions tonight approached the hundredth hour of their valiant attempt to maintain the life of Walter L. Boothe, a farmer boy, by artificial respiration, with only a fighting chance for success.

Hour after hour they lift and lower his arms in a rhythmic sweep to force air into the lungs which collapsed Thursday just before the lad was to submit to an operation for a dislocated vertebra.

Boothe smiles and now and then takes some nourishment, but the pain he is suffering becomes apparent when he whispers a word.

Attending physicians give the impression that Boothe has little chance of surviving, but his friends say he has not lost his nerve.

It is the half hourly changes that bring him the most pain. The team, a man on each side of his bed, begin pumping his arms, lifting them up and down like a saw, and he gasps and says:

"Give me more breath. O, not so hard, please; O, slow," and "O, fast." The reinforcements begin work. "More breath," he murmurs helplessly. And then, after the team has worked a few minutes, he smiles again. Once he cried outright when some one accidentally brushed into the brace which is holding his chin.

HOPE OF GERMAN ROYALISTS FADES, SAYS EBERT'S SON

Restoration of the monarchy is fading from the hopes of German royalists, according to Friedrich Ebert, newspaper publisher of Brandenburg, Germany, and the oldest son of the late first president of the German republic. Mr. Ebert arrived here yesterday with a party of twenty Germans who are making an observation tour of the United States.

It is with the passing of the older generation, he said, that the last vestige of sentiment for the "lost cause" of the kaiser will go. He finds that the younger Germans are looking into the future for the welfare of their country.

Members of the Steuben club were hosts to Count Felix von Luckner, German war time sea rider, at the Altan hotel. The count asserted that it would be unwise for the kaiser to return to Germany with the expiration of his exile.

FATALLY SHOTS BUSINESS RIVAL; KILLS HIMSELF

Appleton, Wis., April 25.—(Special.)—Two men, business rivals, are dead as the result of a double shooting in a downtown store here this morning. The two principals conducted women ready to wear retail stores. David Fleischner, aged 40, twice shot and fatally wounded his competitor, Max Oreck, 40, who later died of his injuries, and then killed himself. There were no witnesses to the affair, and all Oreck said before he was taken to the hospital was: "He shot me. He has threatened to kill me before."

Fleischner, according to reports, planned to move his business place into another building today. Oreck had agreed to take Fleischner's lease of the old establishment and to move his business there, but changed his mind and refused to carry out the plan.

Fleischner only recently recovered from a nervous breakdown.

Calles' Train Leaves for Mexico; Plan Heavy Guard

(Picture on back page.)
Elaborate preparations have been made to protect the Mexican presidential train when it passes over the border on its way to Mexico City, it was learned yesterday. The train of six cars, built at a cost of \$750,000 for President Calles, left last night in charge of Arturo Elias, ranking consul general. According to the Pullman company the equipment is the finest they have ever turned out.

Chief Justice W. H. Taft's Secretary Is Divorced

Madison, Wis., April 25.—(AP)—William Winslow Crosskey, 35, secretary to Chief Justice William Howard Taft of the United States Supreme court, was divorced in superior court Monday by his wife, Celia Marycks-Crosskey, 34, on grounds of cruel and inhuman treatment. No testimony was taken in the case and Mr. Crosskey did not contest the divorce.

EVERY automobile owner has said wearily at some time or another, "I'd just as well drive the car home and walk back."

The visit by automobile to the neighborhood business section or movie theater becomes increasingly annoying because of the lack of parking space. It is not pleasant to have to drive around for fifteen minutes only to find a space four blocks from your destination.

The answer is—Use the street car.

Every business section and every theater in the city can be reached conveniently by the Chicago Surface Lines.

Street car service is quick and reliable.

You have no traffic responsibilities when you go by street car, and no parking worries when you get there.

A car is ready to bring you back whenever you want to return.

Thousands of motorists have discovered these facts, and that is one reason for the steady increase in street car riding in Chicago.

Street cars are safe, dependable, economical and convenient.

FEAR DAMPENS ARDOR OF GOTHAM GREETING TO COMMANDER PINEDO

New York, April 25.—(AP)—Closely
guarded by police, who feared anti-
fascist manifestations, Commander
Francesco de Pinedo, Italian aviator,
whose four-day flight was hailed by
the destruction of his plane in Arizona,
was welcomed to New York today.

Just before Mayor Walker ar-
rived to greet the aviator, the official
welcome of the city, police who formed
a bodyguard for the aviator ar-
rested a young Italian who broke
through the cordon holding in his
arms a huge bouquet of flowers.

Frightened bands tore apart the
bouquet, but the suspected bomb was
not found. The bouquet bearer was
only an ardent admirer, whose hand
Commander de Pinedo grasped as the
young man stood staring in dis-
appointment at the mangled flowers.

Fears of the police increased while
De Pinedo was being taken to the city
hall for the official welcome.
Shouts of "Viva de Pinedo!" and
"Viva Mussolini!" soared above him
as the aviator's car veered into City
Hall plaza, where 200 veteran Italian
soldiers of the world war and black
shirted Fascists were drawn up in mil-
itary formation.

WATER DIVERSION MAY BE STOPPED IF METERS HALT

(Chicago Tribune Press Service.)
Washington, D. C., April 25.—(Spe-
cial.)—Strong indications that official
halting of water metering at Chicago
will be followed by the revocation of
the war department permit allowing
the diversion of water through the
sanitary canal was apparent in admin-
istration circles today.

While war department officials re-
fused to outline what will be done in
case the Chicago city council passes
the water meter repealing ordinance
presented by Mayor Thompson, it was
made clear that such a violation of the
1926 permit would not be ignored.

Administration officials pointed out
that the permit was granted on con-
dition that Chicago meter its water
supply and after Chicago officials tes-
tified that stoppage of the water diver-
sion would imperil the city's health.

One question which is being studied
is whether violation of the conditions
of the permit will automatically in-
validate the document. In some quarters
it is felt that even if the permit was
not invalidated by the passage of the
repealing ordinance such a violation
would constitute a defiance of the war
department, which would have to be
followed by drastic action.

EMPLOYEES ESCAPE OVER BEAST.
Several employees of the Jefferson Electric
Manufacturing company plant at 801 South
Green street escaped yesterday when a beam
rse even on the third floor exploded. L. V.
Jenkins, manager of the company, estimated
the damage at \$7,500.

County Mayo Girl, Lost Here, Finds Cop, Home

Julia Sullivan, pretty and 19, just
three weeks out from Clonsilla,
County Mayo, Ireland, appealed to the
police early yesterday morning to help
her find her second cousin, Mrs. Mary
Stanton, with whom she has been
staying. She had stepped out alone
to make a visit and couldn't remember
her new address.

"I'm from County Mayo," she said
to Policeman William Durkin of the
Stockyards station, "and I'm lost."
"And sure I'm from County Mayo,
too," shouted Durkin. "How are the
O'Callaghans? Is Mullis O'Grady dead
or alive? Is Father Murphy still over
there? Do you know the Higgins liv-
ing in Castle Bar?"

The bewildered girl was taken to her
cousin's home at 2544 North Paulina
street.

Athletics are Gaining in Importance in Public Schools

Sports are looked upon favorably
by parents and teachers.

The public schools are today paying quite a
bit of attention to athletics, and it seems that both
parents and teachers are aware of the healthful
advantages they offer the children.

There is less feeling of rivalry between the
different schools at the athletic meets and from
the marks that are set, it is apparent that the pa-
rents are on the job fitting their children for the
physical tests of these meets.

Parents of today while watching their own
children are not unmindful of their responsibility of
building sturdy bodies for their little ones, but
are giving more attention each day to the fortifica-
tion of their bodies as well.

In so doing they are constructing for them
foundations that will be hard to wear down in
later years by physical and mental tests.

SAVANT REPORTS FINDING ANCIENT SKULL

Child's Bones 60,000 Yrs. Old, Pond Says.

New York, April 23.—[Special.]—The finding a few weeks ago of the skull and many of the bones of a child, believed to be about 60,000 B. C., in a prehistoric deposit forming a continuation of an early human race at Beloit, Algeria, was announced today by Alphonse W. Pond, director of the Logan African expedition at Beloit college, who returned from the expedition.

Mr. Pond, assistant curator of the Logan museum, said the discovery substantiated the theory long held by Dr. George L. Collie, professor of anthropology at Beloit, now conducting studies abroad, that Africa is the birthplace of mankind rather than the Old World in Asia.

Flashed by Chicagoans. The Beloit expedition, which Mr. Pond said has made the only discovery of the kind credited to American anthropologists, is financed largely by Dr. Frank G. Logan of Chicago, retired capitalist, philanthropist, and vice president of the Chicago Art museum. Its recent find is of great interest because of its bearing on the long question of the Cap Blanc skeleton by the Field museum of Chicago, unearthed in a cave of that name at Les Eyzies, in the southern part of France, which has been identified as the "capital of the prehistoric world."

The Cap Blanc skeleton is believed to be of the Magdalenian, or last of the Old Stone Age, and accordingly, is about 25,000 years old," said Mr. Pond. "We expect to establish the truth of our belief that we have human bones of the Middle Aurignacian period, 25,000 years earlier."

Will Study Bones. The skull and such parts of the skeleton as of the prehistoric child that we found, are being shipped to

60,000 YEARS

Alphonse W. Pond, working under the direction of Beloit college, has discovered human remains in North Africa believed to be 60,000 years old. In his excavations at Beloit, where he found many animal bones, and near Constantine, where he found the bones of a prehistoric child, Mr. Pond believes that he topped remains of the Aurignacian civilization, the first step of man's emergence from apes. The specimens are to be sent to the University of Chicago for examination.

America for final classification by Dr. Pay Cooper Cole of the department of anthropology at the University of Chicago, and Prof. Roomer, the noted paleontologist of the university. A. Albertini, director of Algerian antiquities, gave permission for the shipment readily upon our promise to return the bones when we have concluded our studies.

Dr. Collie's belief in Africa as the birthplace of man has interested anthropologists here and abroad in recent years because of the contrary theory held by Dr. Roy Chapman Andrews of the American museum of natural history of New York, graduate of Beloit and twenty years ago a student under Dr. Collie, that in the Gobi desert is to be found actual proof of the beginnings of the human race.

Boys Arrested for Sending Obscene Letter to Teacher

Paul Solomon, 2244 Thomas street, and Joseph Glaberson, 1285 North Arlesian avenue, both 14 years old, were arrested yesterday by Postoffice inspectors E. L. Jackson and C. R. Gant on charges of sending an obscene letter to one of the women teachers at the Sabin Junior High school, which the boys attend. The youths confessed and were held under bonds of \$1,000 by United States Commissioner James E. Glass, who set the hearing for May 4.

TOWER ROBBED; 2D TO FALL TO THEATER BANDITS

CHICAGO, APRIL 23.—[Special.]—Three mallefactors, masked and wearing gloves to protect their fingerprints, early yesterday broke into the Tower theater at 1819 East 63d street, one of the three largest motion picture houses on the South Side, bound Thomas Burke, a watchman, and Arthur Schabner, the engineer, and then blew the safe.

George Burdick, manager of the house, later estimated they had escaped with about \$1,000. He said that amount was kept in the safe, the daily receipts being removed every night. The raid on the Tower theater followed by only a few hours the spectacular holdup of the Piccadilly at 1666 Hyde Park boulevard, another of the South Side's big picture houses. In this two armed men, with 100 persons looking on, held up attendees and took \$7,000 from them.

DALE'S APPEAL TO U. S. SUPREME COURT IS WITHDRAWN

Washington, D. C., April 23.—[Special.]—The appeal of George R. Dale, the Memphis, Ind., editor, from his conviction for contempt of court was today withdrawn by the Supreme court upon motion of Dale's counsel.

Former Senator Moses Chapin of Minnesota, appearing as counsel for Dale, advised the court that he had carefully examined the papers in the case and had decided that no question was raised within the jurisdiction of the court. For that reason he asked the court to dismiss the case, which was done for oral argument this week.

Dale was sentenced at Memphis after a controversy with Judge Clarence T. Dearth of the Delaware Circuit court. His fight finally caused impeachment proceedings to be brought against the judge in the Indiana legislature. The judge was acquitted.

INQUEST TO HUNT CAUSE OF DEATH. Eugene Franklin, 45 years old, of Chicago Heights, died yesterday at 735 West 40th place, the home of a blond. The cause of death was undetermined, although the police believe death due to natural causes. An inquest will be held.

4 DOCTORS, 6 DRUGGISTS LOSE LIQUOR PERMITS

Liquor permits held by four physicians and six druggists were revoked during the past week, according to an announcement made yesterday by E. C. Telford, prohibition administrator. The following lost their permits: Dr. Louis Tillery, 19 West 21st street, Dr.

L. Farnier, 54 North Michigan avenue, State Lane drug store and the Central pharmacy, both in Calumet City, owned by Samuel Ostrowski; Holstein pharmacy, Waukegan, Ill.; William J. Rizzo, Milwaukee; Joliet Italian pharmacy, Joliet; and the Schick's Pharmacy, Joliet.

The permits of two physicians were revoked with their consent and the names were not made public.

Getting Thin—Sensibly

A few effective suggestions for taking off pounds without being deaf to the stomach's demands

EVERY woman wants to be slender these days. But getting that way is another matter. Some urge starving. Others urge tremendous amounts of exercise. Both are hard and unnecessary.

The two important things are modification of diet (not starvation), and proper elimination through the bowels, kidneys and liver of fat-inviting waste matter. Do these two, and you'll be slender without much trouble, with no annoyance.

The best eliminator for this purpose, according to many authorities, is nothing more mysterious than old-time Becham's Pills.

Take them regularly at night. Then a glass of water before breakfast.

Thousands of women now are taking these particular pills because, unlike most laxatives, they work on the bowels and also tend to promote liver and kidney function. Most eliminators aim at only one or two. Complete elimination is necessary in weight reduction.

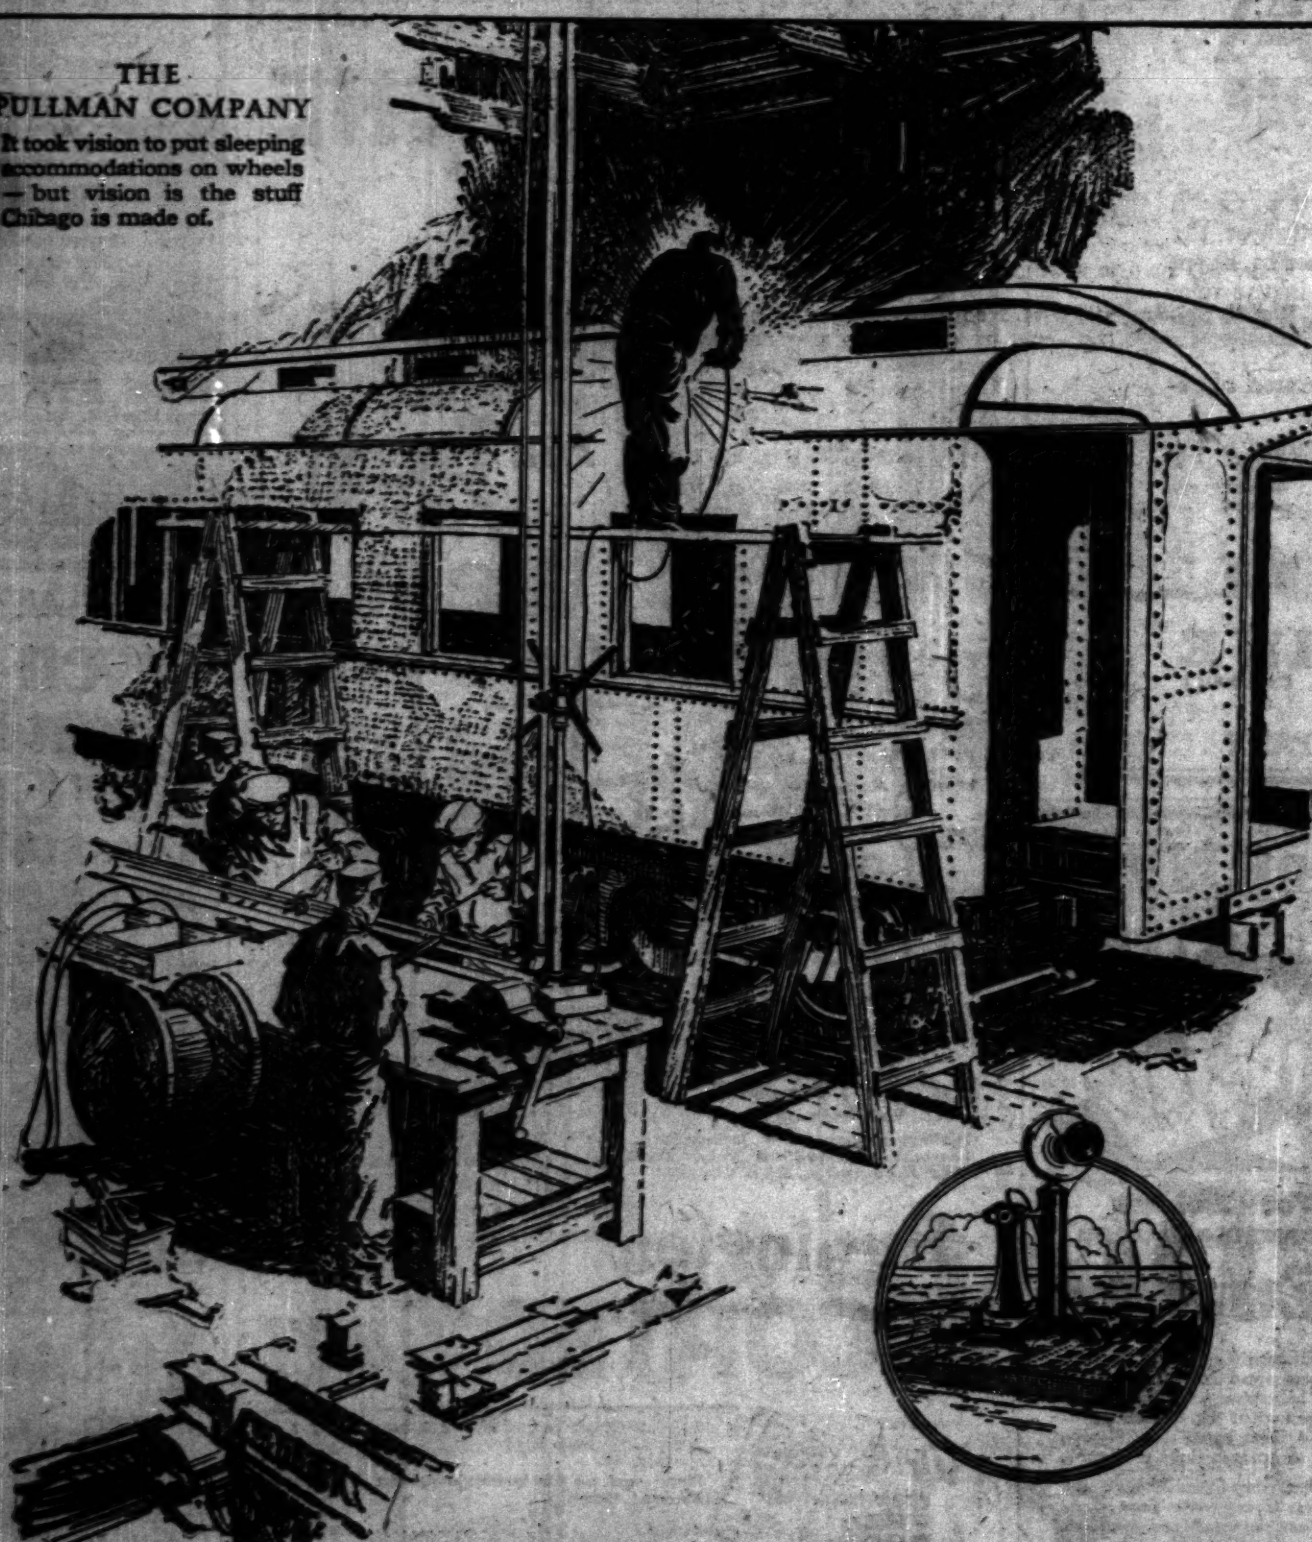

As to diet: Use whole wheat and bran breads instead of white. Have

a dessert with only one meal a day—and that not cake or ice cream. Eat plenty of green vegetables: cabbage, spinach, lettuce, tomatoes, instead of vegetables that grow in the ground. Eat, too, lots of oranges, apples, grapes, etc. Eat lean meats, abstain from fats, like pork and ham.

You feel well fed all the time. And you are. You feel better, too, in every way. For you are constantly eliminating fat-fostering waste from your body. Do this for one month. You'll be surprised at how many pounds you can lose. Get 25c Becham's Pills at any drug store.

What is this "YELLOW MASK?"

LOOK at your teeth. Have they a yellowish tinge—appear stained? That is "Yellow Mask."

So unsuccessful have you been in your attempts to remove it that, like others, you have come to believe that yellowish hue is in the enamel—irremovable!

But the truth is you have teeth white as glistening ivory. That ugly, yellowish hue hides in a glassy mask that envelopes the teeth. This mask is known as Calculus. A "liquid cement" in your saliva forms it. Acts like a glue—first sticky, then hard. Ordinary dentifrices cannot efface it—they gloss right over it.

But now dental science can

give you those lovely, pearly teeth—often in one brushing! For it has finally succeeded in incorporating in a tasty, pleasant tooth paste the one substance that positively removes this mask—"Tri-Calcium Phosphate." This magic substance is what your dentist uses to clean teeth. And you know what beauty miracles he works with it!

The name of this new and finer tooth paste is ORPHOS. It cannot harm the softest enamel. Dentists everywhere are recommending it—especially for teeth difficult to whiten. Please accept a 20-Time Tube FREE. Use coupon below. Convince yourself that teeth loveliness can now be yours.

Chasing moths may be fine exercise

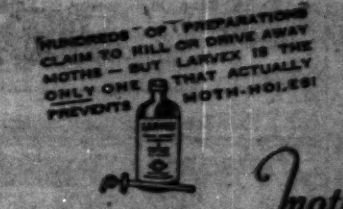

but it won't prevent moth-holes!

MOTHS lay eggs before they fly around! Those eggs hatch into the moth-worms that eat your clothes.

So you must mothproof the cloth itself to end moth-holes. Insecticides and "bug killers" won't do that. The only way to do it is with Larvex. Simply spray it on your clothes and they are mothproofed!

The colorless, odorless, non-inflammable liquid permeates the fabric—makes the cloth un-eatable to moth-worms. Then your clothes are safe anywhere. You don't have to pack them away in smelly moth-balls or bulky tar-bags.

Larvex is \$1. In combination with the special sprayer, \$1.50. 1/2 gallon, \$3; gallon, \$5. At drug, department and furniture stores. Get Larvex today—it's a lot less costly than moth-balls! The Larvex Corporation, 230 Park Avenue, New York, N. Y.

REPORT BRITAIN SEEKS U. S. AID TO SAVE ITS TRADE

Expect Mission Here
Soon to Open Parley.

BY DAVID DARRAH.

(Chicago Tribune Press Service.)

(Copyright, 1927, By The Chicago Tribune.)

LONDON, April 25.—The Tariff Commission is unable officially to confirm reports today that the British plan to send a special mission to America shortly, headed by a high government minister. It is reported that the mission will be an extraordinary delegation dealing with matters of international trade and politics, without having the scope of regular diplomatic dealings.

The chief concern of the mission, according to Tariff Commission's advice, will be to affect with the United States a scheme whereby the Stevenson rubber restrictions will be loosened up, in return for an arrangement hoped to be secured from the United States whereby Great Britain will get cheaper cotton.

Hope to Rebuild World Trade.
This arrangement will be part of the British efforts to rehabilitate their world trade, at present hard hit by the Chinese war and last year by the British strikes. Another budget deficit is feared next year as well unless industry and business are improved so as to permit more taxation.

The second project of the mission, it is reported, concerns an understanding with the United States over South American affairs. In this connection the British have the Nicaraguan tangle in mind.

Wish to Handle U. S. Loans.

Third, it is learned, the British would like to arrange with the United States

HURLEY DENIES PLAN FOR 1933 CENTENNIAL WILL BE ABANDONED

Edward N. Hurley, chairman of the organization committee of the Chicago centennial exposition, proposed for 1933, yesterday denied a rumor that plans for this event had been or were about to be abandoned because of the disinclination of various local financial interests to cooperate.

"After the early and very tentative plans for the exposition had been worked out," Mr. Hurley said last night, "we submitted these outlines to some fifty or sixty local financial and industrial representatives to get their reactions, suggestions, and criticisms."

"We have as yet received only about a dozen replies. There has, of course, been some criticism. That's what we wanted, as well as suggestions. But there is certainly no general skepticism about the exposition's success; no widespread pessimism."

Instead of a lagging interest, Mr. Hurley believes there is an increasing one in the 1933 fair. Within a week or two, he explained, he will have the suggestions incorporated into an outline which he will present to Mayor Thompson for consideration.

a plan whereby American loans would come through England. The latter project is to keep up the British financial prestige from the continental view.

In connection with the reported rubber negotiations, the Evening Standard tonight says that under the present situation the quota of 70 per cent will be reduced to 60 per cent on May 1, owing to the fact that the price did not average 1 shilling 9 pence per pound in the last quarter. The Standard says the majority of rubber men will soon favor ending the restriction entirely, since it is giving the Dutch control of the market and making the United States use reclaimed rubber.

BRITISH LAUNCH OF WARSHIPS EVE OF PARLEY

1000 Ton Nelson Copied
from U. S. Design.

BY JOHN STEELE.

(Special Tribune Press Service.)
LONDON, April 25.—The 35,000 ton
Nelson, the last battleship Great
Britain can lay down under the terms
of the Washington Treaty, was due
today at Southampton from the Tyne
docks.

By the absolute last word in battle-
ship design, said to be the most modern in
the world, and the first British battle-
ship to copy the American method of
turret gun turrets. The turrets each
contain three 16-inch guns, while
others are six pairs of 16-inch guns
mounted in six steel turrets. Its 16-inch
guns weigh more than a ton. The guns
weigh a little more than 110
tons each and are protected by a spe-
cial armor.

Flak Bombproof Decks.
The ship is protected from aircraft
by a flak armor of 16-inch steel, and
under water it is designed to resist
the explosion of many four-ton tor-
pedoes. How many airplanes and cat-
apults for discharging them are carried
is kept secret. The battleship is 702
feet long, 108 feet broad, and carries
a crew of 1,300 officers and men. It
costs \$1,000,000 (\$1,300,000) to build
and requires \$432,000 (\$1,180,000) for
annual upkeep.

The Tribune learns from an au-
thoritative source that only a limited
measure of agreement has been
reached by the preparatory disarmament
commission at Geneva on the
draft of a disarmament convention to
be submitted to the world disarmament
conference, which is expected to meet
early next year. Many of the most
important questions have been reserved
for consideration when the commission
meets in June for a second reading
and discussion, which will not take
place until the Colloids naval conference
in June has clarified the situation
regarding naval limitation.

U. S. Clashes with France.
The Tribune understands that no
agreement was reached on the ques-
tion of armaments, and no agreement
was reached on the question of navies, ex-
cept in the adoption of the articles
already embodied in the Washington
Treaty regarding the replacement and
construction of merchant ships. The Amer-
ican and British delegations insisted on
limitation by tonnage of the separate
navies, while the French and various
other nations supporting them, de-
manded limitation by the total tonnage
of the fleet, combined with a five-year
naval building program.

An agreement was reached regarding
the limits of each country, which
is to be limited by the number
of ships.

No agreement was reached respect-
ing the supervision to be exercised by
a league or any other body over the
construction of the treaty.

Inside Bolivia President

Not Insulted; Call Off Duel

(Special Tribune Press Service.)
LA PAZ, Bolivia, April 25.—After
President Hernandez Siles of Bolivia
had suggested that his brother, Genaro,
should represent him in a duel with
Dr. Carlos Calvo, Bolivian lawyer, well
known in the United States, the law-
yer refused to agree to the substitu-
tion of another and the seconds called
the duel off, declaring that Dr. Calvo's
refusal in remaining with his back
turned toward the president when he
signed the recognition room at a party
last night constituted disrespect and was
not negotiable.

Bad Feet and Good Health eldom go together

It is surprising what havoc bad feet
can play with a woman's health. Sur-
prisingly, too, how few women realize
the real danger of aching feet. Do you
know that many cases of headache,
backache, fatigue and unruly nerves
come from the constant strain of pain-
ful feet? The strain that saps your
energy and frays your nerves.
Beauty and youth quickly leave the
woman who drags along on aching
feet. Yet many women continue to
drag along when relief is so easy!
Thousands of men and women have
found quick and permanent relief by
wearing Ground Gripper Shoes. No
other shoes combine these three cor-
rective features: The Straight Line
Lower Edge, the Flexible Arch, the
Removable Rotor Heel. They remove
the main causes of most foot troubles
and then allow Nature to re-establish
the normal health and vigor that your
feet should have.

Visit a Ground Gripper store and
put your feet into a pair of Ground
Grippers. Relief is often immediate.

DOCTOR, AGED 79, ENTERS TRIBUNE GARDEN CONTEST

BY FRANK RIDGWAY.

Dr. Fritz W. Huxmann, 79 years old,
will testify that gardening is one way
to keep from growing old. He is the
latest member of the Borrowed Time
Garden club recently formed by THE
TRIBUNE's flower garden contest editor,
Dr. Huxmann, who has a garden at
his home at 2852 Burling street, is one
of the five members of the new club
competing for the \$1,000 grand cash
prize and numerous district prizes in
this Tribune contest. Contestants
who are at least seventy years old au-
tomatically become members of the
Borrowed Time Garden club.

The garden contest editor finds that
several prospective contestants have
not entered because they have fruit
trees in their flower garden and be-
lieved that they were barred. They
have incorrectly assumed that a por-
tion of rule six, which says, "Vegeta-
ble gardens or combination flower
and vegetable gardens are not eligible

to compete in this contest" eliminates
them from the competition.

Fifteen hundred and thirty-four
gardeners are entered in the contest.

FROST BLIGHTS ORCHARDS IN SO. ILLINOIS

Centralia, Ill., April 25.—(Special.)—
Reports from orchardists here show
that the bumper peach crop. The total
crop is estimated at one-third less than
that of last year. Cherries also were
hard hit, but no estimate of the per-
centage of damage was given. A mini-
mum yield of plums, grapes and straw-
berries is predicted.

The first demonstration of "dusting"
orchards from the air was made here,
when a plane, flying at a height of 35
feet, "dusted" sixty acres of peach or-
chard in 2 1/2 hours. Five hundred or-
chardists, University of Illinois officials
and others witnessed the demonstration.

Big Loss in Michigan.

Traverse City, Mich., April 25.—(Spe-
cial.)—Northern Michigan's cherry
buds are from 50 to 75 per cent frozen,
according to information from some of
the leading growers here today. Cher-
ries are a \$2,000,000 annual crop in
Grand Traverse county alone.

Yellow Cab Would like public cooperation

Very often you will
see an extra man riding
with the driver of a **Yellow
Cab**. This extra man is an ap-
plicant for a driver's job and
has successfully passed the
preliminary tests and examina-
tions for character and general
fitness.

He must ride as an
extra until he learns the
principal public institutions
and general lay-out of the city
—until he knows how passen-
gers are received, treated and
discharged, and learns all the
other essentials to efficient and
agreeable service.

We have in our em-
ploy hundreds of able men
who have been with us for years
—who know the city from end
to end. These are the men who
take the new ones under their
wings and explain cab-service
as **Yellow Cab** knows it and
wants it rendered.

Naturally we em-
ploy men at times who are
not thoroughly acquainted with
the city. We hire them for their
character, standing and intelligence
and prefer them to others who
may be able drivers but who
may be lacking in the other
attributes.

A little patience on
your part will help a lot
with these new men. A trans-
portation service can't be wholly
what it ought to be without
public cooperation, and we ask it
from you for our mutual benefit.

GOVERNOR'S PEN
ERASES FOURTH
OF SOLONS' WORKVetoes One of Only Four
Bills Passed.

BY PARKE BROWN.
Springfield, Ill., April 25.—(Special.)—Gov. Len Small today vetoed one-fourth of the act results of more than three months of operation by the Illinois general assembly. The legislature had passed only four bills. The governor vetoed one of them with his veto.

This was Senator Herbert H. Hicks' measure authorizing the city of Chicago to take part of a public library site for widening a street. His veto was preceded by Senator John Daley's bill permitting cities to maintain aviation landing fields. And both measures sought to amend the same article of the constitution and village act.

This Attorney General Carlstrom said in an opinion to the governor, had a startling effect. The Daley measure was passed and approved ahead of the Hicks bill. But the Hicks bill declared that section 1 of article 1 of the constitution, which reads "shall read as follows," without any mention of the subject covered by its predecessor, the Daley bill.

Hearings on Police Bill.
Two hearings of importance are scheduled as part of this week's deliberations. The Illinois chamber of commerce is sponsoring a demonstration in favor of the Dunlap police bill which includes not only a joint hearing but a luncheon that represents a state-wide movement in favor of a state police force.

The senate committee on revenue will hold its first hearing on the proposed income tax law, introduced in both houses last week. While the Illinois Agricultural Association and the Illinois Bankers Association are said to be supporting the measure, there are predictions that opposition will be recorded.

To Take Up Bubby Creek.
On Wednesday afternoon the house municipal committee will consider the bill introduced by Representative Calvin T. Weeks of Chicago providing for the filling in of Bubby Creek.

August Nolting, Pioneer
Elgin Butter Man, Dies
August Nolting, pioneer butter and cheese man of Elgin, died yesterday in his home at the age of 72. He was born Oct. 11, 1854, at Sonneberg, Lippe Detmold, Germany, and came to Illinois shortly after the civil war. He was a charter member of the Elgin board of trade and had served on the board of education and later as the first Elgin city clerk. Burial will be in Elgin City cemetery. Burial will be in Elgin City cemetery. Burial will be in Elgin City cemetery.

Supreme Directors, K. C., to
Attend Mrs. Houlihan Rites
A delegation of supreme directors of the Knights of Columbus, appointed by Supreme Knight James A. Flaherty of Philadelphia, arrived in Chicago last night to attend the funeral today of Mrs. Elizabeth Houlihan, wife of Edward Houlihan, supreme director and state deputy for Illinois. Mrs. Houlihan, who died at her home, 2187 North Avenue, Saturday, was 64 years old. She was buried at Calvary, with services at Holy Name church at 9:30 o'clock. Delegates also will be present from the state council of the Knights of Columbus, the Chicago chapter, the Catholic Home Phone association from the fourth degree and from each of the sixty councils of the order in Chicago and suburbs.

E. A. Bachelder, Former
Hotel Owner, Succumbs
Edward Arthur Bachelder, proprietor of several hotels 24 years ago, died yesterday at the Leinster hotel after an illness of several months. Twenty-seven years ago he disposed of his interests in the Southern, Atherton and Lexington hotels. Recently he was active in the real estate business. Mr. Bachelder was born in Waukegan. Services will be held tomorrow night at 6:30 at Calvary church. Interment will be at Washington.

RADIO PROGRAMS FOR TODAY

(Daylight Saving Time.)

Sascha Corado Will
Sing on W-G-N Tonight

A SECOND song recital by Sascha Corado, lyric baritone, formerly of the Berlin Civic opera, tops the list of features tonight at W-G-N. The Chicago Tribune station on the Drake hotel, Mr. Corado will offer another interesting program, that should outstrip the one he presented last week in popular favor. His selections to-night will be sung in three languages - 20 p.m. 11:15 a.m. French, and German. Probably the most outstanding of his songs to-night will be "The Two Grenadiers," one of the greatest compositions by Robert Schumann. Lovers of the voice heard in the rendition of it in English. Mr. Corado will be heard at 9:30 o'clock. His program continues for half an hour.

String quartet music, a medium in which the masters loved to work, will feature the forefront of the 9 to 10 hour on W-G-N. A varied program culled from classic string quartet music will be offered by the Selinger string quartet, composed of Henry Selinger, first violin; Armand Bulsac, second violin; Alfred G. Wathall, viola, and Leon Lichtenfeld, cello. Compositions by Handel, Haydn, and Beethoven, and a modern composition, "Spirit of the 18th Century," by Puchon, make up the program, which goes on the air tonight at 9.

"Song Hits of the Past Decade" doesn't do W-G-N's 9 to 9 hour, which is brought by wire from New York, sufficient justice. The popular tunes of the last ten years, old favorites that a few years ago were

enthralling Broadway, and being hummed and strummed from coast to coast will be featured in orchestral and vocal selections.

Frank and Lawrence Salerno, the popular accordion and vocal duo, are to offer another of twenty-minute programs at 10:30 o'clock tonight. Lawrence will offer several popular selections, and Frank will devote his accordion to filling several request numbers.

Today's ball game between the White Sox and Detroit will be broadcast by Quin Ryan, direct from Comiskey park, starting at 2:40 o'clock.

H. C. Breckenridge, Father
of Can Co. Official, Dies

Henry Carl Breckenridge, 85, father of Karl S. Breckenridge, director of the American Can company, a resident of Chicago since April, 1923, died yesterday in his apartment at the Edgeview Beach hotel. The body will be sent to Toledo, O., where interment will take place tomorrow. Besides his son, one daughter, Mrs. Irene B. Ross, survives him. Mr. Breckenridge was born in Vermont on April 14, 1832. His great-grandfather fought against the British in the battle of Bennington.

Mrs. Kitty Morton, of
"The Four Mortons," Dies
New York, April 25.—(AP.) Mrs. Kitty Morton of the original vaudeville troupe of the four Mortons, mother and grandmother of other Mortons who have played under the team name, died here today. Burial will be in Detroit, her native city.

NEURO ESCAPES UNDER FIRE
A young Negro attempted to rob Mrs. Joseph Lauch, 233 West 9th street, at 634 street and Westview avenue yesterday. He carried off the attention of two policemen, who fired on the Negro. He escaped.

SELECT YOUR FAMILY LOT NOW
in Beautiful Rosehill
A rare opportunity is now before you to choose a family lot in the famous Rosehill Cemetery, from among the largest, finest and most varied selection ever offered here.

Every lot available is under the guardianship of the Rosehill State Charter—a unique cemetery charter which can never again be granted, and which cannot be revoked, violated or changed. Also all are assured perpetual care through a fund, now over two million dollars, and increasing at the rate of ten thousand dollars a month. In no other cemetery in the West is as large a sum from the cost of each lot set aside for perpetual care.

Just now two grave lots may be secured for as low as \$99 for the ground and \$41 for perpetual care. Others range from this upward, according to location and size. Let us arrange your trip here now, in early spring. You will be put under no obligation. Upon request we will send you our Rosehill Cemetery Booklet.

JAIL DIPLOMAT'S
SON IN DETROIT
AS RUM SMUGGLER

Detroit, Mich., April 25.—(AP.)—Lester, son of Professor T. A. Smiddy, Irish Free State representative to the United States, was in the county jail tonight, charged with having violated the federal tariff act in smuggling whiskey from Canada.

Smiddy pleaded not guilty today before U. S. Commissioner J. Stanley Hurd and was held for examination a week hence. He was arrested while at the wheel of an automobile on a Windsor to Detroit ferry boat. Customs officers said 43 bottles of whiskey were in the machine, most of it packed under the radiator.

DOCTOR INDICTED IN RAYMOND CASE

Accused of Hiding Facts on Death.

(Picture on back page.)

Dr. J. J. Sullivan, a physician, was indicted today on charges of "concealing facts" in the death of Raymond.

The indictment was returned by a grand jury in the courtroom of Superior Judge Charles Durnell after witnesses had appeared before the grand jury to tell of the alleged "conspiracy" to hide the facts in the doctor's death.

Dr. Sullivan appeared before the grand jury yesterday. It was said the doctor denied allegations that he had participated in the alleged covering up of the death of Raymond.

Kelly Pleads Not Guilty. Kelly, admitted attacker of the doctor, was arraigned on a murder indictment and pleaded not guilty, and his trial was set for May 9. He was returned to jail to be held without bail.

The prosecuting attorney said he would present to the grand jury evidence admitted by Miss Mackaye that the doctor went to her home and hid her husband.

Later Davis said he would show Kelly returned to his apartment and hid her husband was found and that he remained there while the screen was removed and he went to her home and hid her husband.

BANKS OF JAPAN REOPEN; DISPLAY PILES OF MONEY

(Chicago Tribune From Service.)
TOKYO, April 25.—With their counters ostentatiously piled with notes, the banks reopened this morning with little indication that the public intends to take advantage of the moratorium provision permitting the withdrawal of a limit of 500 yen (\$100).

The morning papers carry the announcement that the government of the Bank of Japan will not permit any more suspensions. The Bank of Japan advanced 300,000,000 yen (\$150,000,000) to other banks yesterday, making the total advances in excess of 2,000,000,000 yen (\$1,000,000,000). The printing presses are busy turning out notes as the supply shortens. The moratorium was declared effective in all the colonies except Formosa.

The silk weavers of Kodaiku and Shimonoseki provinces decided to suspend operations. The cotton mills of Totomi province are debating the necessity for suspension. While the smaller banks declare that the moratorium is too long, the general impression of the public is one of confidence that the government will extricate the country from the financial difficulties.

\$26,000 Liquor Seized;
Shipped as Auto Parts
Rare Canadian whisky valued at \$26,000 in booting circles was seized yesterday at the Michigan Central Railway company freight depot by prohibition agents, led by Dan Vacarelli, chief investigator. The shipment came from Detroit and was labeled as automobile parts.

The transport also brought Representative McSweeney of Ohio, Quin of Mississippi, and Tison of Connecticut, the Republican floor leader, here for a short unofficial visit of the islands.

Representative Tison said he would make a study of the islands in connection with his duties as floor leader.

ARABESQ... Armstrong's NEW idea in floors. The beauty of a designed floor at a price that fits a "Just Married" budget.

TOMORROW morning—after the breakfast dishes have been put away—take a last look at your hard-to-keep-tidy wood floors. Then come to see what Armstrong's designers have produced in a NEW floor. "Armstrong's Arabesq." it is called. It's a different kind of inexpensive floor.

Different from any other low-priced linoleum—because the base is inlaid Jaspé or plain-color linoleum. Different—because the "Arabesque" decorations are applied so that the base color peeps through as a regular part of the pattern. Different—because it introduces a new pattern effect in

linoleum; an appearance of low relief. Different—because floors of Armstrong's Arabesq Linoleum need so little care. They can be mopped clean in jiffy-quick time, for dirt doesn't hold fast to their gleaming surface.

See Armstrong's Arabesq. See the other Armstrong designs that are NEW this spring. And see them this week, while stocks are complete.

Something NEW for sun porches

A sun porch floor is—well, just nothing if it isn't bright and cheery. Armstrong's Embossed Inlaid Linoleum is all that and more. It's the first linoleum ever made with the much-prized quality of "texture." Vari-toned tiles; mortar lines that are pressed below the surface; a play of lights and shadows from its polished surface. Decorators are enthusiastic over this floor. We think you will be, too.

Offered... for prettier hallways

Color, with dignity; beauty, with ease of cleaning; originality of pattern and idea—these new Armstrong patterns for halls and entrance will change your ideas of linoleum beauty. Inset Jaspé—an exclusive Armstrong idea; plain embossed linoleum in quarry tile designs (offered only in Armstrong's Linoleum)—something for every home, every taste, every purse.

BOBBY JONES

SUPER-CHAMPION

The intimate story of Golf's greatest Amateur and his bag of tricks

HERE'S the greatest golf story ever written—the story of how Bobby Jones became the amateur king of golf, the holder of the three highest titles of the game at the age of twenty-five.

He tells it himself; how, at the age of five, he began by playing on a back lot near his Atlanta home, with a ditch as one hole, and a buried tin can as another. He traces his rise in the game through childhood tournaments on the East Lake course with Alexa Stirling and Perry Adair. These two have since become almost as famous as himself. He describes the winning of his first cup. He was so proud of it he took it to bed with him that night.

Then follows the long series of gruelling, exciting tournaments which have since brought him world-wide fame. The story was written by his friend of 15 years, O. B. Keeler, nationally known golf expert, as Jones told it to him.

(Chicago Tribune Press Service.)
Aurora, Ill., April 25.—Two years ago today, much was being written about a Kentucky Derby dark horse called Captain Donan. He was a native of Kentucky, had been showing great speed in his training gallops and the Derby followers who liked to shoot at a 100 to 1 shot in the future books were backing him. The Captain, a black son of Moss Fox-Crestwood Girl, never got to the post in the Derby, but he did 138 of the other eligible, that matter. He trained off, lost his lead, and dropped into the place. For two years Captain Donan has been among the Derby favorites, when he is paraded to the post, a black outsider in the betting for this afternoon's feature race.

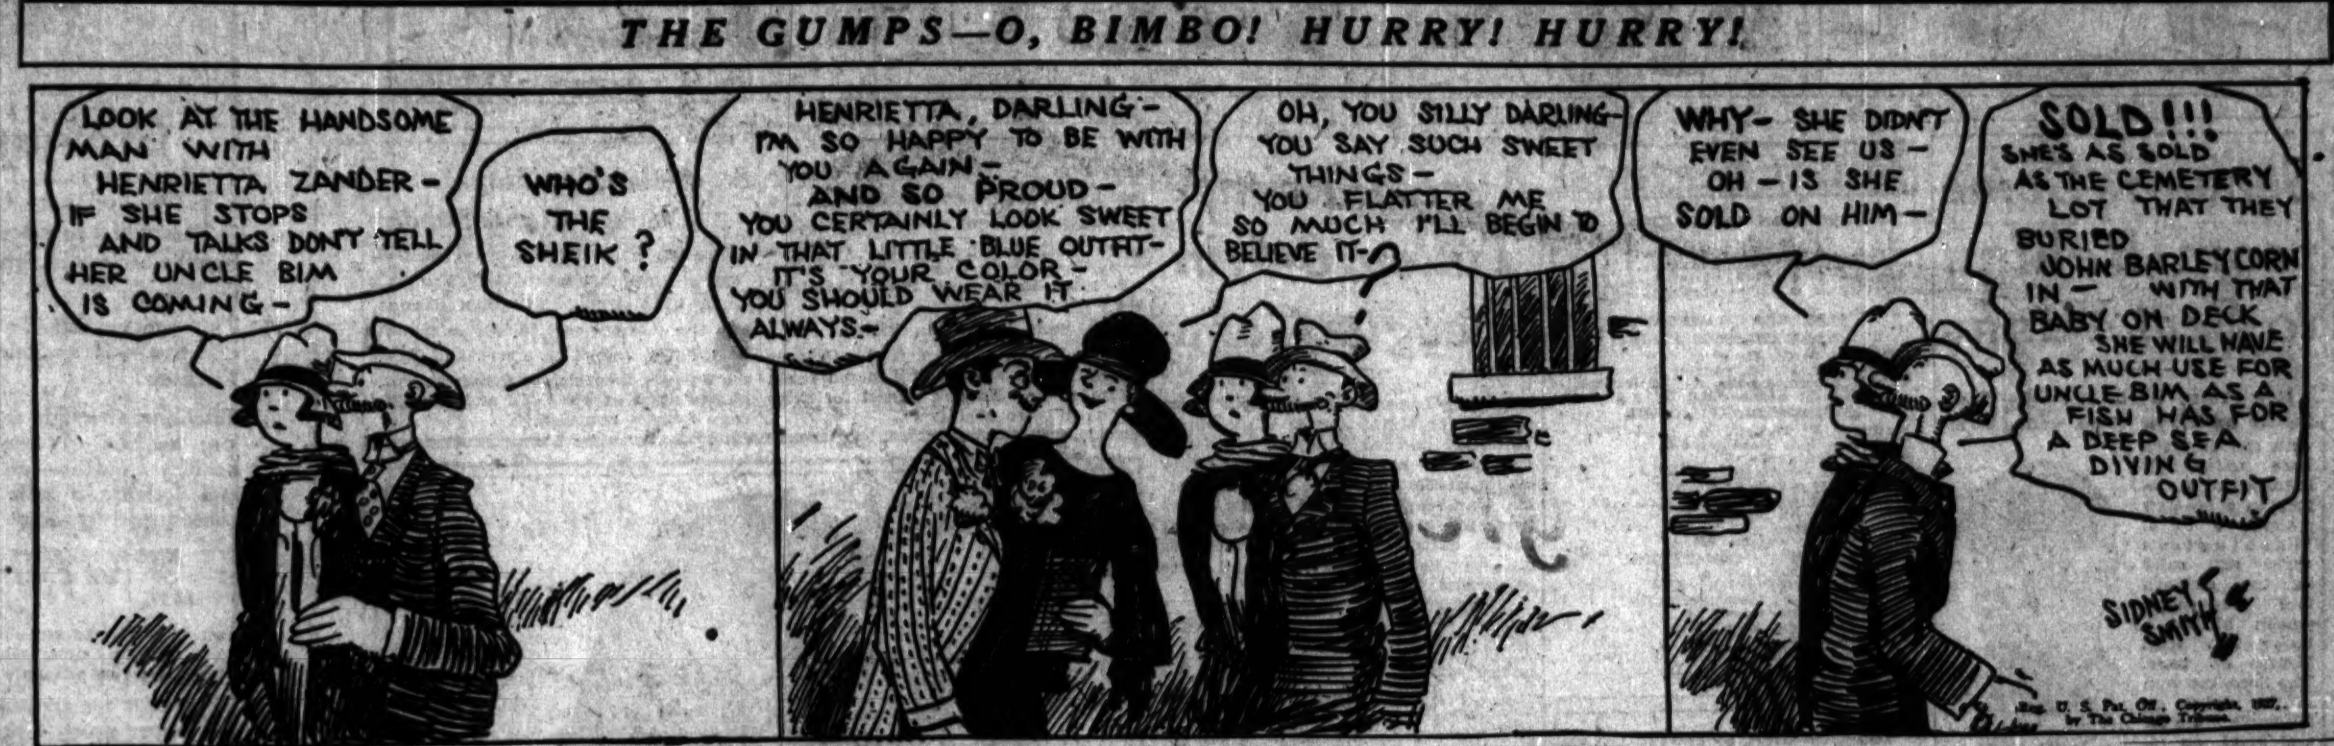

At 15-1 odds.
At 10 to 1, the Captain showed some of the speed which brought him Derby consideration at this time two years ago. He simply moved with seven other fairly good heavy track sprinters in the day's race, which was under claiming conditions, at five and one-half furlongs.

CHICAGO GROUP
GETS CONTROL OF
HOMWOOD TRACKPeabody Heads Local
Syndicate.

Matt Winn, director general of the Kentucky Jockey club, announced last night that final arrangements had been made yesterday for the transfer of the control of the Washington Park race track at Homewood, Ill., from Thomas Bourke, Robert Switzer, and Thomas Curran to Stuyvesant Peabody and a group of his Chicago associates.

It is authoritatively hinted that Martin Nathanson, president of the Aurora meeting, will be sought as the racing secretary at Homewood.

Mr. Winn, acting for Mr. Peabody, yesterday obtained the 5,000 shares of B (controlling stock) held by Thomas Bourke. He got the stock by buying the option on it purchased last week by H. D. Brown, California turfman. Mr. Winn also bought the Caterpillar interest for Mr. Peabody and his Chicago associates.

Mr. Peabody and his associates, it is said, plan to make extensive improvements upon the Homewood property. They intend to remodel the clubhouse, improve the betting pavilion in the grand stand and make any other improvements necessary upon the surface of the running strip.

The Peabody syndicate, it is said, intends to pay off the existing debts against the track. This includes the \$35,000 note held by E. R. Bradley. Mr. Winn in a statement last night said:

"At no time have my interests been desirous of acquiring control of the Homewood track. We have no intention of putting syndicates racing over upon Chicagoans. Our only motive in interest is to keep racing upon a high plane in the Chicago district. We felt that this condition could only be accomplished by having the Homewood people sufficient to pay off all existing debts."

In the WAKE
of the NEWS

POT-POURRI.

It does not matter so much what interests control Homewood race track, so long as they are reputable sportsmen, if conditions are stabilized and the sore spot removed from an otherwise serene Chicago turf situation.

Ordinarily one is opposed to so-called syndicate operation. That might be the cry if the Winn coterie was disposed to be grasping or dictatorial. That has not been its policy so far. It has been, rather, to promote harmony and build up the sport in this center.

As we understand it, the new interests will exercise financial supervision, also extending experienced turf counsel. Bob Switzer and his associates will remain on the scene. Switzer, despite handicaps and discouragements, has done the best he could under the circumstances and retains his reputation for fair dealing.

The Wake will be glad if Martin Nathanson is connected with the official family. We have known Nathanson for thirty years, since the old days of racing here. He holds a high place in our estimation both for ability and fearless integrity.

So we think those entering Homewood at this time deserve praise rather than criticism, if any, for helping untangle a complicated financial fabric.

Buck Weaver, one-time White Sox, was the magnet for 5,500 fans at Hammond Sunday on a day not conducive to baseball attendance. That proves Buck is still a drawing card.

Weaver was one of the players banished following the Black Sox scandal of 1919 who did not seem to lose popularity with the fans because of his reputed guilty knowledge of what was going on.

Less than three weeks remain before the Kentucky Derby on May 14, and there still are about forty horses which may be chased as possible starters.

Daylight Saving Expended.
Old John, we have been told, when North was not yet quite so old, found daylight saving was all in vain in which to play his chess sport.

So by the mighty power of will he made old Sol the chess clock still until such time he should propose to have his fill; then let day dawn.

The modern Jockey, not without, must also have his little fun. And for an extra round of golf he quickly books a hole in one.

From night time's accustomed way And adds this hour to his day. He slowly moves his clock about. As hours. As quickly done as thought.

So far, so good, you will admit. But that is only half of it. For when the night of last December One Jockey made a hole in one. And that hole he has taken away. Next morning he must surely say. He finds his hours of sleep are dry. Then vaguely asks, "I wonder why?"

Dear Harry: Somehow or other it seems to me that with the one dribble rule we will be likely to find more teams with the five man offense next year. A guard, if caught up the floor, will have more time to get back should his team lose the ball.

If the five man offense comes this may mean a fast breaking offense which was so absent last season, or else a long passing game. Also the present type of back guard may give place to a faster more active man. What say? P. J. Y.

Old John, we have been told, when North was not yet quite so old, found daylight saving was all in vain in which to play his chess sport.

So by the mighty power of will he made old Sol the chess clock still until such time he should propose to have his fill; then let day dawn.

The modern Jockey, not without, must also have his little fun. And for an extra round of golf he quickly books a hole in one.

From night time's accustomed way And adds this hour to his day. He slowly moves his clock about. As hours. As quickly done as thought.

So far, so good, you will admit. But that is only half of it. For when the night of last December One Jockey made a hole in one. And that hole he has taken away. Next morning he must surely say. He finds his hours of sleep are dry. Then vaguely asks, "I wonder why?"

Dear Harry: Somehow or other it seems to me that with the one dribble rule we will be likely to find more teams with the five man offense next year. A guard, if caught up the floor, will have more time to get back should his team lose the ball.

If the five man offense comes this may mean a fast breaking offense which was so absent last season, or else a long passing game. Also the present type of back guard may give place to a faster more active man. What say? P. J. Y.

This Wake Is Continued by Harry E. Woodruff. Hal.

Of Course There Was a Reason.
Friend Harvey: While having the daily snatching coffee via the elevator. Returning to the office, I related the experience to my chief clerk, who observed, "Well, sometimes dark store coffee is pretty hot." Was I squeaked?

SCORING THE WINNING SOX RUN

Sergt. George Connally saw the White Sox weren't getting anywhere in their battle with Detroit yesterday, so he decided to end the extra inning argument himself. He stepped up to the plate in the tenth inning and smashed a clean single over second base, scoring McCurdy, who had doubled after two were out. Umpire Nallin, Catcher Bessler, and Capt. Bill Kamm of the Sox are watching McCurdy cross the plate.

Reds Play Merry-Go-Round for 7 Runs in
8th to Bump Cubs, 11-9, in Dizzy GameBY IRVING VAUGHAN.
(Chicago Tribune Press Service.)

Cincinnati, O., April 25.—All that is definitely known of what occurred at Rhinecliff field this afternoon is that the Cubs took a trimming and the Reds a victory. Beyond that, nobody is really sure of what took place, except that the Cubs twice practically clinched a decision and twice let it get away from them in nine rounds of the wildest pastime ever staged for the price of one admission.

The greater part of the matinee was an ordinary affair in which the Cubs, by timely hitting, seemed headed for an easy win behind the flinging of a Guy Bush. The latter was so good that for six innings only two hits were scored against his record. Meanwhile, the Cubs, with Stephenson leading the attack, had assimilated a 4 to 1 advantage.

Kaufmann Flops in Eighth.
Going into the seventh Bush suddenly lost himself in a mass of hits and passes. Tony Kaufmann rushed to his rescue and stopped the assault with the score tied at 4 apiece. Then the Cubs, rising up like a pack of wolves, knocked down the fence in the eighth and stampeded five runs over the pan. That should have been an ample margin, but it wasn't. Kaufmann wilted in the home eighth and Blake, who relieved him, was no better. Young Brillheart finally brought the oryx to a close but not until the Reds had swamped the home plate with seven runs that put the Cubs down and out for keeps.

In view of the ending, it doesn't matter much just how the Cubs managed their early lead. It is sufficient to say that three hits by Riggs Ste-

pherson were the potent factors. During this time, the Reds were mere monkeys as hitters, but they suddenly became something else in the seventh. A single by Pipp started it. Zimmerman ran for Pipp and scored when Kelly doubled. A couple passes filled the seats with noise out. A force out at second let Kelly score. Then Bush walked, another again leading the socks, and he was taken away in favor of Kaufmann. Before Tony could terminate the inning, a lucky infield single by Cruz had driven home the run that tied it at four and four.

Five Run Blast Routs May.
Jackie May came forth to fool the Cubs in the eighth but he didn't get far. Scott popped out and then Conroy slapped him with a triple. Five runs got under way. Stephenson walked and then Kelly scored. Williams scored him with a triple. Grimes, Freigan, and Harnett added singles. These three passes sent in two more runs. At this point May was yanked and Neff showed up.

Conroy slapped him for a single that scored Freigan, and on a sacrifice fly by Kaufmann Harnett raced home with the fifth and final run of the chapter.

After showing so well in the seventh, there was no reason to suspect Kaufmann couldn't carry on in the eighth. Pipp, Finelli, and Christensen singled in succession. The five smashes sent three home and left two on the path, as Kaufmann was aroused and Blake substituted. The sheriff handed a pass to pinch hitter Bressler and the corner were crowded again. Finelli showed two of them home with a hitting the score. Cruz moved up the remaining runners with a bunt, and both dented the plate on Walker's sacrifice fly and Freigan's mull on the return throw. Then Donohue lulled the Cubs to sleep in the ninth and the show was over.

led off with a single to left. Warner dropped a safe one in center. Bessler was out. Ward to Clancy. Wings batted for Doyle and hit the first one for a double, scoring Blue and Warner. Warner slid to Park and then McManus doubled to the left field scoreboard, scoring Wings. Manush singled, putting McManus across, and Pabst was through. Fothergill singled off Connally and Manush reached third, where he died when Kamm got under Hellmann's pop-up.

Smith's Balk Tim Score.
Trailing 6 to 5 at their end of the sixth started, the Sox set the stage for Smith's momentous balk. McCurdy walked. Connally sacrificed him to second, Smith to Blue. Kamm walked, but was forced on the next play by Hunsfield. Taverne to McManus, McCurdy reaching third. After starting to pitch to Manush, Smith motioned toward first, where Hunsfield was taking a big lead, and Umpire Nallin waved McCurdy in with the going run. Hunsfield going to second. It was over when Manush went out. McManus to Blue.

The Tigers loaded the bases in the seventh; got a man on second in the eighth on a hit and an error by Kamm, and Warner led off the ninth with a triple, but Sert. Connally got out of each hole unscathed. McCurdy saved trouble when he slipped Fothergill's effort to steal in the tenth, and Barrett got Hellmann's long fly to end the inning.

In the Sox closing round Clancy was an easy out, McManus to Blue. Ward popped a foul fly to Bessler. Then McCurdy made a double. As the picture came, folks thought Manager Schalk should have sent in a pinch hitter for Connally, but the sarge insisted upon doing his stuff. He did, with a smiling single which Manush couldn't return in time to head off McCurdy at the plate.

DETROIT STARS WHIP AMERICAN GIANTS, 12 TO 1

The Detroit Stars hammered their fifteen hits and twelve runs to beat the American Giants at Schorling's park yesterday, 12 to 1. Kenyon was nipped for one run in the home opener and that was all the Chicago boys could get.

MALCEWICZ PINS WILCOX TWICE

Joe Malcewicz, Polish heavyweight wrestler, threw Tripo Wilcox, in straight falls last night before 1,909 at the Broadway armory. The Pole won the first fall with the flying mare and body lock in 2:07. The second fall was easy for Malcewicz, who tossed his opponent with a crotch and body hold in 5:18.

In the semi-win-up Alex Garkawicz, to, giant Russian grappler, tossed Jim Clintstock in a two fall match with a scissors and body lock in 7:45. Jim McMillan won a thirty minute decision over Jack O'Dell, while Howard Chanton won a twenty minute verdict over Nick Gatch in the opening bout.

Senators Come from Behind to Beat Yanks

New York, April 25.—(AP)—Washington opened a three game series with the Yankees here today by batting out a victory in a seven-inning game, 5 to 4. Washington's three run rally in the seventh tied the score. Goetz hitting a home run with Harris on base. The Senators won in the eighth on Bluege's walk and steal, an infield out and West's infield single. The Yankees could not hit in the pinches and had 13 men left on base.

Umpire Owens put nineteen of the Washington players off the bench in the second inning when they refused to heed a warning to stop deciding Hoyt. Score:

Fields Here to Get Title Bout with Mandell

Jackie Fields, the Los Angeles 135 pounder, and Sammy Mandell, the world's lightweight champion, will meet for the title in Chicago this summer, according to Dick Rooney, manager of the Californian.

Fields recently won a ten round newspaper decision over Mandell on the coast and naturally the fighter's manager is eager to get the champion into the ring in a decision fight. In order to secure such a contest, Rooney said he would let Mandell name the terms and take whatever percentage of the gate he wants.

Instead of leaving yesterday for New York, where Fields will engage in two fights next month, Rooney remained in the city to talk over a Mandell-Fields match with Promoter James Mullen.

Mandell and Manager Eddie Kane are in New York and will not be back until the latter part of the week.

Ray Miller, Tommy Grogan, and Ray B. Smith, who will appear on Jim Mullen's card at the Coliseum one week from tonight, resumed training yesterday. Bud Taylor, who clashes with Aleksei Goldstein, is back in training and Goldstein is expected today.

Ernie Peters and Scotty McPhee will clash in the window of the boxing show of the Loran theatre 4 at 8 o'clock Friday night. Eddie Brown met in the semi-final, which will be supported by three other bouts.

LENARD FIGHTS TOO LATE; LOSES BOUT TO SANGOR

Fight Decisions

At New York—Tony Ganssner stopped Lenard in 15.

At Philadelphia—Joe Glick and Sam Anderson, no contest (7); Al Foreman beat Joe Williams (6).

At Atlantic City—Timothy Furlong knocked out Dukey Dick Dilles (5); Manuel Flores won from Kid Chapman, first (5).

Joe Sangor, the Milwaukee south-westweight, easily outpointed Henry Lenard of South Chicago in the final round of the boxing show at White City last night. Joe won eight of the ten rounds and two were even.

Lenard made the mistake of retreating for the first eight rounds. In each of these sessions Sangor piled up big leads. He used a pump handle left hand to fight his scotchman opponent and at this style of milling was very effective. The Milwaukee fighter kept Lenard guessing during the first eight rounds by stabbing with a left and pulling back from his foe's long left swings and hooks. Lenard occasionally connected, but the blows did not even stagger the Milwaukee fighter.

Lenard finished strong. In the ninth and tenth rounds, Lenard switched his style of milling. He was told his only chance of winning was by a knockout. He tore into Sangor and at times they stood toe to toe and let go with both hands, but the rally was too late.

Sangor was not marked when he left the ring. Joe scaled 135 pounds and Lenard 125.

Joe Medill of the west side took the measure of Paul Allen in the six round semi-win. Medill carried the fight to his opponent in a majority of the rounds and landed harder punches. It was a fight all the way, with rallies in every round. They scaled 128.

Walsh Whipwag. In the opening bout Eddie Walsh of Chicago won the four round decision over Davey Rosen of Joliet. They met at 125 pounds. Harry Dubinsky and Johnny Caserio, local 140 pounders, went four rounds to a draw in the second preliminary, and Paddy Walker, the Woodlawn 122 pounder, won from Norman Brown of the south side in the other bout of six rounds.

Rube Metz and Ed Klein were the judges and Jimmy Gardner, the Bernstein, and Joe McNamara the referee. About 4,000 paid \$12,000 to see the show. Sangor and Lenard each received a guarantee of \$2,000.

WORLD'S RECORD IN POLE VAULT MAY FALL AT PENN

Carr, Yale Star, Hopes to
Clear 14 Feet.

BY WALTER ECKERSALL.
When the Drake and Pennsylvania relays are held on Friday and Saturday at Des Moines, Ia., and Philadelphia, respectively, exceptional performances should be recorded if weather conditions are favorable.

Among those expected to startle the intercollegiate world is Sabin Carr of Yale, who is picked to be the first human to clear fourteen feet in the pole vault. The Yale athlete is the holder of the world's indoor record at 13 feet 3 1/2 inches.

The world's outdoor record of 13 feet 11 1/2 inches is held by Charles Hoff. The Penn relay carnival record is 12 feet 10 1/2 inches and the Franklin field mark is 13 feet. The intercollegiate record is 13 feet 8 1/2 inches, and the American record is 12 feet 9 1/2 inches. All these marks may be shattered if the Yale vaulter has a good day.

Hill Seek Four Mile Mark.
Illinois' four mile team, which has not been defeated in any of the relay carnivals held this winter or spring, will meet the best in the country over the distance at Penn. Illinois' yearlings at the Cornell university quartet hung up a mark of 17:51.14, which has stood as a Penn relay record ever since. Only one team has run the four miles in less than eighteen minutes since Cornell made the record. Illinois has done better than eighteen minutes this year.

At the Drake relays the University of Kansas half mile team will try to smash the world's record of 1:57.84, established by a New York A. C. team in 1921. The Kansas quartet clipped the mark last Saturday, but the team was disqualified for failure to carry a baton.

Record Entry at Drake.
Many coaches give Ames an excellent chance to shatter the world's mark of 7:25.4 for the distance medley. Ames won the event in the Kansas relays last Saturday without being pushed in 7:25.3-10. Ray Conger, the ace of the Iowa State team, ran in third position on the medley quartet. With a fair mile on the last relay, but is not as fast as Conger. Thurnburg is an excellent quarter miler and Calumet is fast at 250 yards.

E. C. Lorton of Drake university announces the largest entry in the history of the games and predicts that several relay records will be shattered.

Bob Gives Lessons
for Dog on Danger
of Auto Traffic

BY BOB BECKER.
If your dog requires education to teach him to keep out of the way of automobiles and it is not practical to pinch his tail by running over it with a wheel, here are two different ways to drive home the lesson. One is recommended by M. Hagan, a dog trainer and handler of long experience, and the other is offered by Dr. A. W. Rothschild, a veteran of forty years' experience with hunting dogs. Both have tried these lessons on dogs and have found that they work.

For the first lesson run a rope from your dog's collar to the radiator cap of the automobile and from there to your hand. Put the animal between the front wheels of the car and tie him so short that he can't run in front of the wheels. Then start the machine, making the dog run between the wheels at the same time raising the engine and jerking the dog up and down by pulling on the rope. A couple of these lessons and he'll develop a violent aversion for moving automobiles.

Dr. Rothschild of Madison, S. D., followed this method to teach his cocker spaniel. The cocker is a short dog, so it was possible to tie it up short so a stump low enough for clearance by a car. This done, he ran over both stump and dog very carefully, bumping the dog's head. One treatment was enough to make the cocker stop, back, and listen when he crossed a street.

Calumet C. C. to Grade Golfers According to Age

BY HARLAND ROHM.

Calumet will try a new feature in its classification of golfers this year in that members will be graded according to age as well as handicaps. The annual Play Day, the club's biggest event, has been scheduled for Aug. 10. A change will be made in that play will be at 18 holes instead of 36 in order to permit more golfers to compete. Richard O'Hara, chairman, and the other members of the sports and pastimes committee, are working on the season's schedule.

Net scores of less than par in all medal play events will be raised to par this year, falling in line with most of the other clubs in the district. Competitive events scheduled for Saturday are a best ball foursomes and low net. The formal opening will be Memorial day.

Midlothian's twenty-fourth annual derby, oldest of the two-day golf tournaments in the Chicago district and the earliest of the season, has been scheduled for May 21 and 22 by the directors. The golfers will "go to the post" at 1 o'clock Saturday afternoon of the first day for an 18 hole "trial heat" and the usual dinner will be held that evening.

The qualifiers will play another 18 holes in foursomes the next day. Of course, there will be the usual prizes for low gross and low net of both individuals and foursomes and a lot of other prizes in addition.

CAMBRIDGE TRACK ATHLETES ARRIVE FOR PENN RELAYS

New York, April 25.—[Special.]—The Cambridge university track team, headed by Lord David Bury, arrived in New York today to compete in the Pennsylvania relay carnival which takes place at Franklin field, Philadelphia on Friday and Saturday. The titled Englishman and his four comrades, J. C. Weighman-Smith, J. C. Livingston-Learmonth, J. F. Richardson and H. P. Bowler, arrived on the Leviathan.

All members of the team were in excellent condition and declared themselves fit for the two day carnival.

Stanford Track Team in National Collegiate Meet

Stanford, Cal., April 25.—[Special.]—Stanford's powerful track and field team will compete in the national intercollegiate championships in Philadelphia, May 27 and 28. In the wake of victory Saturday, when the University of Southern California, national champion for the last two years, was swamped by Stanford 6-15-46 score, the faculty athletic committee voted to send the Stanford squad to the eastern meet.

Floods Prove Value of Paved Road System

BY J. L. JENKINS.

Mud traffic embargoes in Iowa and other points west of the Mississippi river have focused attention anew on the utility of pouring highway money into temporary road improvements. It was pointed out yesterday by Robert N. Carson of Iowa City, veteran paved road booster of the "mud state."

"In 1924 Iowa received \$11,242,597 for highway improvement," he stated. "This total of road money was \$1,195,141 more than Illinois received for its highway improvements. Compare the highway development in Illinois with that in Iowa and draw your own conclusions concerning the value of earth and paved roads as public investments, and of state paving programs with the county building, which has so long been employed in Iowa."

"For several weeks the main trails in central and southern Iowa have been closed to traffic because of mud holes. In Illinois the only damage done by

spring rains has been confined to a few isolated washouts or flooded pavements in the river bottoms, while traffic has moved right along on the rest of the state pavements."

Determined backers of the Wolf road paving program, which has been one of the most interesting features of the \$100,000,000 bond issue location campaign, announced yesterday that the Cook county board has made the famous old trail an important unit of the state aid highway system in the county. In a resolution to the state highway department the board has asked that Wolf road, from the south county line in Orland township to the north county line in Wheeling township, a distance of about 41 miles, be added to the state aid list of roads to be improved with paving, and that the addition be called State Aid Route 31.

Chicago Bowlers Capture 5-Man Event at Rockford

Rockford, Ill., April 25.—[Special.]—The O. Henry team of Chicago, with a score of 2,937, was the winner of the five man section of the northern Illinois bowling tournament today. Honorees of Cicero were second with 2,904; Curtis Bahr, Rockford, third with 2,849, and Windy City No. 1, Chicago, fourth with 2,834. Local doubles and singles will close the tournament Thursday night.

"Build a bat that's lightning fast" urged International tennis stars

TENNIS champions contended that the game had become too fast for the tools. They all agreed that a far faster bat was needed. They asked Spalding to build one that could keep step with the lightning-fast, smashing, all-court game of today.

Spalding took the ideas of these tennis stars and combined them in a single bat—the new Top-Flite. It took 500 experimental rackets to produce it; but you never heard such enthusiastic approval as when the stars, both men and women, got this new Spalding racket into their hands. They played it—and with it won many of last year's important tournaments.

Top-Flite is the fastest tennis racket ever made. Lighter head—yet in perfect balance. Smaller head, which permits tighter stringing. Kro-Bat construction to give it the strength for many restringings. Open throat, which gives it a new, delightful flexibility. There's a Top-Flite here that will exactly suit you. Come and find it. Price \$15.

Other Spalding rackets from \$3.50 up. Two great models at \$10.

NEW TENNIS SHOES, by Spalding. Lightest ever made. Pure rubber rubber sole—grip perfect. Can't pull away when you dig your toes. For sale... \$2.50

PROFIT TAKING REDUCES EARLY GAINS IN WHEAT

BY CHARLES MICHAELS.

Wheat opened active and as much as 1 1/2¢ higher on general local and commission house buying as the result of unexpected strength in Liverpool, but selling against offers, profit taking, and considerable pressure from a local professional caused a reaction of 1/4¢ to 1/2¢ from the top, and the finish was 1/2¢ lower to 1/4¢ higher. May touched \$1.35 1/2 early, and was down to \$1.33 1/2 later, with the finish at \$1.33 1/2. July closed at \$1.29 1/2, and September, \$1.25 1/2. Oats lost 1/4¢ to 1/2¢, with May, \$0.49 1/2, and September, \$0.46 1/2. Rye developed independent strength and closed 1/4¢ higher, with May, \$1.05 1/2, and July, \$1.03 1/2.

Early Buyers Sell Wheat.
Liverpool wheat was strong and 1/4¢ higher on large sales of Australian and Argentine cargoes, and a better bill of exchange, combined with a decrease of 1/4¢ to 1/2¢ in supplies on ocean passage. This led to general commission house and also local buying at the start which found little for sale, and sellers offered on May had to protect themselves. When the buying ceased the market started to react, and many of the early buyers took the selling side. Holders of offers were good sellers on the early output. There was also liberal selling credited to a local professional.

Corn Receipts Offered.
Profit taking was on in corn after an early bulge, and the finish was about the bottom. Cash houses bought May and sold July, while large sales May rather than July. The May-July spread remained unchanged at 1/4¢.

Weather conditions were more favorable for oats seeding, and field work has been resumed in Iowa and parts of South Dakota.
Baying of rye futures to remove hogues against export sales more than offset the effect of scattered liquidation in May, and prices averaged higher.

\$20,000,000 Terminal Corporation Is Formed

Duluth, Minn., April 25.—(AP)—With several terminal and transportation companies of the great lakes as the nucleus, a \$20,000,000 terminal and transportation corporation has been formed. It was announced here today. A. Miller McDougall of Duluth, who made the announcement upon his return today from New York, will be president of the corporation, which includes eastern banking interests as well as terminal companies. Consolidation of rail and water terminals with rail and lake transportation is the purpose of the project, which includes a number of lake boats, a new \$1,000,000 terminal warehouse that are to be constructed at once at Chicago and Buffalo.

The St. Louis Globe-Democrat is now in position to tell you exactly how many sales outlets there are for your product in The 49th State, including its capital, St. Louis.

We can tell you *where* they are—The class of store—The number of stores carrying certain kinds of merchandise—And how these outlets can be reached.

Here is an amazing new picture of The 49th State, in terms of *sales outlets*.

The most accurate information heretofore available lists a certain number of *dealers* per town in any given classification—but look at the difference between these figures and the number of actual retail outlets:

In Hannibal, Mo., for instance, previous available figures list 2 exclusive radio dealers, but there are actually 11 outlets for radios and radio equipment. There are 166 sales outlets for cigars and tobacco—instead of the 16 listed dealers. And so on down the list.

Hannibal is 92 miles from St. Louis—has a population of 19,306—and there are 391 retail stores.

Evidence of the tremendous influence here of The Globe-Democrat among retailers is seen in the fact that 56% of the Hannibal retailers read The Daily

Globe-Democrat and only 25% read the second St. Louis daily. 59% read the Sunday Globe-Democrat and only 29% read the other St. Louis Sunday paper.

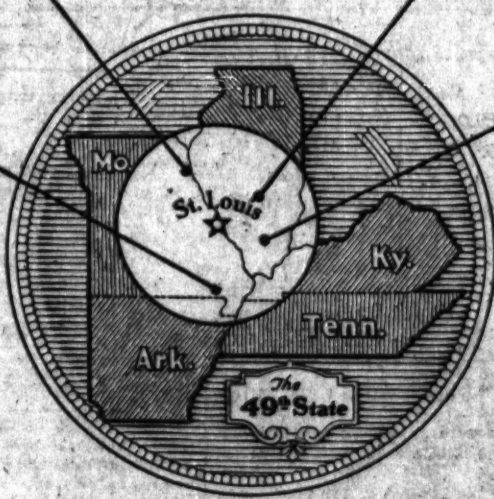

The tabulations for Poplar Bluff, Mo., Vandalia, Ill., and Benton, Ill., are also given here, but remember that this valuable information is available covering metropolitan St. Louis and all of the 366 key towns of this great market.

A large amount of money was spent to secure this information which we pass on to you without charge. Crews of intelligent investigators covered St. Louis and went into every town to get the facts right on the ground.

Here, then, is your guide to sales and distribution in The 49th State—one that you probably never figured on, believing it impossible to obtain. It is the key that will open the door to a much larger sales volume for you in the St. Louis market.

Naturally, the tremendous volume of intimate facts brought out by the survey cannot be spread broadcast, but the results are available to any advertiser or his authorized representative, at the office of The Globe-Democrat.

Specific questions will be answered by mail wherever possible. Address your inquiry to our Service and Promotion Department, or to our nearest representative.
